SO WHAT

Beware ladies! Prowlers are on the loose in this vicinity. We appeal to the ladies because the skulking individuals are plying their nefariousness during the day while the men are away.

Their operation, according to witnesses, runs pretty much to form. They manage to sneak around to the back of the house without being seen. Then they peer into the windows.

But let Mrs. Benjamin Franklin Blount of 1208 Nimitz Drive, in Broadmoor, relate her experience. She was looking out of her rear window when suddenly she spied a man in her neighbor's yard.

He furtively glanced around for a time, then disappeared. In a few moments she heard someone trying the door of her garage. With that she shouted to him to go away, or she would call the police.

In lowered tones, the man asked her to come to the door, which is right next to the automobile entrance. She repeated her assertion that she would call for help several times, with him demanding again that she open the door.

At last, she said, he went away, leaving her in a state of nerves. And when she was sure that the prowler was out of hearing distance she telephoned the police.

Mrs. Blount explained that she was alone in the house with her baby. She added that apparently the man discerned that fact before trying to gain an entrance.

While she was relating her nerve tingling experience, we noticed an accent. So we enquired about it to learn that she is a war bride, having been captivated by her G. I. husband pending the thick of battle in Europe, while the recent war was at its hilt.

Mrs. Blount, nee Ghislaine Sebille, was born and raised in Charlercis, Belgium. In 1940, when the Hitler forces began to overrun the Continent, she and her family fled to the south of

OLPH Church Asks For Clothes, Soap To Aid Europeans

Clothing and soap for homeless Europeans will be collected from November 20 to November 27 by the San Francisco Archdiocese, Father Bernard Cronin, announced today.

This, a nation-wide drive, is conducted by war relief services, national Catholic welfare conference. Some two million school children and 350,000 adults will take part in the campaign.

After contributions have been left at parish depots, St. Vincent de Paul Society will distribute the gifts abroad.

The goods may be brought to Our Lady of Perpetual Help church, 80 Wellington avenue, in Daly City.

Everyone, regardless of religious belief, is invited to join in this worthy cause.

In stressing the need for the clothing and soap, Father Cronin quoted a letter he recently received from Rt. Rev. Msgr. Al Buttner in Frankfurt-Main, Germany.

Msgr. Buttner said:

"They (German homeless) come to us in rags, hungry and cold from exposure, hopeless and forlorn, nowhere to go, not wanted. We can not turn them away. We have to take them in and do the best we can.

"Christmas is coming, and we strive hard to do something to improve their dreadful conditions. Will you help us again? Please do something. Even the smallest gift will be heartely appreciated."

Remember, search your closets for still good and useful clothing. Bring them to OLPH church during November 20 to November 27. In so doing you will help some unfortunate.

INJUNS GOING SOUTH FOR THANKSGIVING BRAWL

Don't pay any attention to the numbers. These brawny lads aren't San Quentin refugees. No, they're the backbone, in fact, the whole body of the powerful Jefferson High football team. The gents, sans numbers on the left are (back) Coach Glenn South and Manager Scocca. To the right is Coach Lair (back) and Manager Aiello. Now the team—back row, left to right: Roland, Gonzales, McCool, Green, Baher, Hill, Harrison, Druhan, Childress. Middle row: Bricker, Sweet, Giannini, Martinez, Hamann, Lauffenberger, Parents, Ritter, Piccalotti. Front row: Gallagher, Kleim, Lunghi, Bagetta, Tienkan, Phillips, Lemon. (Photo courtesy Jefferson High School.)

Indians Meet SSF Warriors In 10th Annual Thanksgiving Day Battle

by Milton Tromborg

.....Boasting a five won, three lost, and one tied record for all the games played in the big game between the Jefferson Indians and the South City Warriors, Jefferson this year will travel to South San Francisco to play the 10th annual Thanksgiving Day clash, with kick-off time set for 11 a. m.

In last year's tilt, the Indians came out on top by the score of 8 to 7, which was one of the best games ever played.

This year's clash should even prove more outstanding when the two teams meet.

Coach Glenn South will depend upon his line to stop the running power of the South City backfield which is said to be very wast. Coach South started the 1949 season with two victories in a row. The first victory came with a win over Mt. View by the score of 7 to 0.

Menlo High fell apart and the Indians won by the final score of 39 to 0.

In the first league game, Jefferson was defeated by Lincoln High of San Jose by the score of 20 to 0.

Jefferson met Sequoia on their home field and lost by the score of 13 to 6. This game was a standout for the Jefferson line for they held the Cherokees to little yardage.

Next came the San Jose eleven. San Jose was picked to run all over the Indians and win by a high score. As it turned out, San Jose won, but not by a high score. The score was 14 to 7 and again the line was a standout.

Still driving for a league win, Jefferson next met San Mateo. This time the Indians won by the score of 13 to 0.

Having tough luck again, the Indians fell down in defeat at the hands of the Burlingame Panthers by the score of 19 to 14. Jefferson had the tough breaks in this game and just could not pull the game into a win column.

Next came Palo Alto, boasting a four-win and one-loss record.

Thanksgiving the Jefferson Indians will be ready for the South City Warriors. With the hard running of fullback George Ritter and left halfback Don Lunghi, the Indians will be favored to win. Jefferson is not a great team, but the boys are all out to win this game.

A great little boy to watch on the Jeff squad is Max Kliem. Max plays halfback with Lunghi, and if ever you want to see a downfield blocker, just watch him.

Another boy to watch in the Jefferson backfield is quarterback Vince Baggetta. Baggetta can pass and run with the ball, and if I know Baggetta he will do just that. Against Burlingame Baggetta ran 38 yards on a quarterback sneak for a tally.

One other to watch in the backfield is Bob Gallagher, Bob is a hard-hitting halfback, and he can really pick up the yardage.

In the line we have Frank Druhan. This is his last year of football for the varsity, and this has been his best year. Playing the right tackle position, Frank is a great lineman and can really charge.

Rich Harrison holds down the left tackle position and does a good job in doing so. Rich is only a junior, and next year he should be a standout in the line.

Leroy Gonzales is rated as one of the best defensive ends in Jefferson history.

Jess Martines, Leo Bricker, Don Hamann, and Jack Wilson hold down the other line positions, and they all are a bunch of hard-hitting linemen.

STARTING LINEUP FOR THE JEFFERSON INDIANS

L.E., Gonzales; L.T., Harrison; L.G., Hamann; C., Bricker; R.G., Martinez; R.T., Druhan; R.E., Wilson; Q., Baggetta; L.H., Lunghi; R.H., Kliem; F., Ritter.

PAST RECORD OF THE BIG GAME

1940	S.S.F.	12	JEFF	0
1941	S.S.F.	6	JEFF	20
1942	S.S.F.	13	JEFF	0
1943	S.S.F.	6	JEFF	6
1944	S.S.F.	0	JEFF	6
1945	S.S.F.	20	JEFF	7

City's $396,000 Improvement Plan Rolling Ahead

What progress on the $396,000 improvement program for Daly City?

Mayor Paul Green reported this week that a good part of the necessary property for construction of a War Memorial community center at Alp and Mission streets has been secured.

Plans for the $275,000 building have already been completed by Architect Mario J. Ciampi.

Bids have been called for on the $396,000 in bonds. It is hoped these will be sold by January so work con begin on both the building and parks soon after the beginning of the year.

In the park program, landscape architect, Vernon Dean, has been hired by the city to make plans for establishing three new parks and development of two others.

To date Dean has completed plans for the enlargement of facilities at Marchbanks, and is now working on plans for Lincoln and Edgewood parks.

Eaglets May Greet Santa Claus Dec. 18 At Eagles Hall

Eaglets of the Colma-Vista Grande Aerie No. 1848 will have an opportunity to see Santa Claus December 18.

At a special party for the old fellow, children will have an opportunity to talk to him in the Eagles Hall, 3346 San Jose avenue. Santa will be assisted by his entire staff of helpers, in addition to a huge array of entertainers.

A really grand day is planned for the kiddies, with plenty of gifts and extra surprises for every youngster.

Santa will be present from 1 o'clock in the afternoon until 8 o'clock that evening.

There's only one catch. Oldsters aren't too welcome at the party. Seems a large crowd is expected, and as the Aerie wishes to give all children under 12 years a chance, only children of this age and younger ones may come.

Santa also requests that if possible the younger children come to the early performances while the older attend the evening affair.

All children must be escorted by an adult. So, parents, maybe you'll have a break after all.

$337,198 Permits Issued To Doelger

With an increasing number of homes going up in the new Westlake tract, the city this week issued 37 more building permits at $337,198 to Henry Doelger.

At the present time approximately 90 families are now occupying homes in the Westlake area. In the near future it is expected that several thousand people will occupy the 900 acre tract.

Other building permits issued last week went to:

John Dall, for two five room homes at 341 Bellevue avenue at a total value of $14,000.

Julius Lazzerini, for a $250 garage at 7121 Mission.

Mr. and Mrs. Louis Parmisano, for a frame store at 6029 Mission, valued at $10,000.

A. Vireno for a $200 garade at 6196 Mission.

CITY COUNCIL ACCEPTS DEED FROM CATHOLIC CHURCH FOR LAND

Surveys Progress As Post Office Grows "Smaller"

While patrons fight to find room to lick a stamp in the present cramped Daly City post office, progress was being made today for newer, larger quarters.

Mayor Paul Green announced that the Public Buildings Administration will "soon" launch a survey to determine a site for a federal post office. The government will also draw up plans for a proposed structure.

However, at the present time there are no federal funds available for actual canstruction of a new building, Mayor Green said.

Just how "soon" the survey will begin, Mayor Green did not know. Impetus for the work came from a letter the mayor sent to the government several weeks ago asking for such a survey.

Meanwhile, coming closer to the immediate problem, the mayor announced he has not yet received word from the San Francisco post office as to a survey they conducted to find a larger building for the Daly City department.

Present plans call for the local office to move to larger quarters in an already constructed building, or if this is not possible to build a new structure.

Another facet of the San Francisco post office survey is to determine whether or not it will be feasible for Daly City to operate an independent office. At the present time Daly City's post office is a branch of San Francisco.

Brunswick Street Extension Problem Still Before City

An old issue, the possibility of running Brunswick street through to Hillside boulevard, was brought up again at the city council meeting Monday.

The Catholic church has agreed to deed a small portion of land on Wellington street for the aforesaid purpose. However, there is still some question as to when the extension will be made.

Condemnation proceedings against property for the street were started late in July when H. H. Smith, 187 Irvington street, refused to sell ¾ of an acre running from Brunswick to Hillside boulevard.

The proceedings seem to have bogged down in the San Mateo County superior court. Mayor Paul Green reported this week that as yet little or no progress has been made on bringing the case to trial.

Meanwhile, other business before the council includes:

Introduction of three ordinances which would: (1) Require all buildings which are built in the future to be 10 feet back on Junipero Serra boulevard; (2) Residents will be held responsible for the repair and maintenance of sidewalks and curbs directly in front of their homes; (3) The 1949 Uniform Building code will be adopted. Presently the city is operating under the -939 code.

Mrs. Catherine Tabor, 18 San Joaquin, was appointed to the position of junior clerk. She is now working as an assistant in the city clerk's office. The appointment was made to handle the "ever increasing amount of work," Mayor Green said.

A hearing on an assessment district for land in the Abbey Homestead (between Wyandotte and Hillside, south of Bismark) was put over until November 21. The hearing was delayed while city officials contact some of the interested home owners involved.

The city council ordered that two dwellings at No. 5 and No. 7 Bismark be torn down. The structures, owned by Arthur Haskins, were found to be unsanitary by the county health department.

Eminent domain proceedings

(Continued on page 2 col. 3)

SM County Soon May Have Central Police Agency

The possibility of a central police agency for San Mateo county was in the offing today.

Late Wednesday afternoon Daly City Chief of Police W. W. Sunderland, and other county chiefs, met with Sheriff McGrath and District Attorney Louis B. Dematteis to discuss a program for coordination of police activities.

Chief Sunderland said the agency would be a central information bureau.

For example, if a series of burglaries break out in the county all information concerning these thefts would be sent to the central agency. It would be worked over, and the main factors common to each burglary sent out to all cities and communities in the county. Thereby, other thefts could be prevented and some key would be given to solving the overall program.

"The central bureau will probably be located in the sheriff's office in Redwood City," Sunderland said. "One of the sheriff's men would be put in charge of the special section."

Sunderland quickly added that this was all speculation, and nothing concrete yet has been worked out.

The Wednesday session was called by Dematteis, he said. Centralization of police activity in the county has been advocated for many years.

City To Consider Building Sewage Treatment Plant

Possibility of constructing a sewage treatment plant for Daly City will be the chief topic of discussion at a caucus meeting of the city council Monday evening.

Mayor Paul Green said City Engineer R. A. Klassen has been investigating plans for such a plant.

However, this is only one alternative to the present sewage problem.

The city is also considering a $250,000 pipe line to tie in with the San Francisco Sunset district sewage treatment plant. Whether or not this plan is adopted depends on a study of rates to use the plant. This study is now being made by the city engineer.

Another possibility, although more remote, is to tie in with the sewage treatment plant to be constructed in South San Francisco.

Presently Daly City is using the ocean as its principal means of

(Continued on page 6 col. 8)

HORATIO ALGER PIKER COMPARED TO JOHN SOLDAVINI AND BELLI MOTOR CO.

About the simplest way to sum up the story of Belli Motor Co., 7400 Mission, and its cigar puffing, genial manager, John Soldavini, is by using an ancient saw, "beans to Buicks."

Well, maybe that isn't exactly how the adage goes, but it's applicable to both business and man. Take the company. Back in the 1870's Mansueto Belli started a grocery store a few feet from the present organization that bears his name.

Belli was a good grocer, and a man who wasn't content to sell only beans. Thus, when the horseless carriage made its debut, enterprising Belli got a franchise to sell the radical contraptions.

And he was about the first one in the state to see the possibility of automobiles. Only the San Francisco firm of Howard Motor Co. is older in the business of selling Buicks.

It wasn't long before Belli had turned most of his attention to cars, and hired someone else to sell the beans.

About the same time they started rolling cars off the salesroom floor, Soldavini was playing games in the streets of Milan, Italy. But for a chance trip, he might still be there, although even in Italy he'd probably have been selling autos.

That trip was to Santa Barbara. Just before the first World War an "ever loving uncle" payed the fare for the Soldavini family to visit California. It was only to be a short stay, but then Europe plunged into war and the Soldavini family couldn't get home.

Old enough, now, to don a uniform, Soldavini joined the ranks of the American army. Within six months he was again sailing over the Atlantic, only this time he was not to see Milan . . . this time it was to be Bordeaux.

While "stopping over" in France, Soldavini was made a sergeant major in charge of a trucking outfit. This was to be a valuable education.

On his return to San Francisco, there was little ahead of the ex-G.I. but unemployment and beans. Then he heard of a job . . . only for one day, but nevertheless work.

That work was with Belli Motors. However, Soldavini proved his worth in one day, so the company decided to keep him on for a while. He's been there ever since, rising from the grease pit to a chair behind a desk in the manager's office.

Of course there were the five war years, when Soldavini divided his time between the Coast Guard and the business. Immediately after Pearl Harbor, as a member of the Coast Guard reserve, he joined the regular Coast Guard.

During his service with the Guard, he rose from a boatswain to Lt. (jg). Fortunately, most of his duties were in San Francisco where he was in charge of Flotilla 14.

Aiding Soldavini at the helm of Belli Motors are two other familiar Colma personages. Joseph Altieri is the oldest member and son-in-law of the late Belli. His nephew, Ernest Granucci is the other "partner" in the business.

Both of these ment have had years o fpractical experience selling not only Buicks and Chevrolets, but also Fords. However, you won't find a Ford on the floor these days; they went out in 1928, at least as far as Belli Motors is concerned. At that time they dropped the Ford franchise.

With an eye to the future, the company is now planning a $20,000 expansion program, Soldavini said. In the near future they will build a larger shop to service the Buicks they sell on the floor. Most about this will be printed in the "Record" later.

ELIMINATE DANGEROUS BUS STOPS!

Each time a passenger gets off the new Broadmoor shuttle bus, he or she has an unwelcome partner—death.

At the present time the majority of bus stops are located so as to obstruct a driver's view of a corner.

A passenger alighting from the motor coach is apt to cross the street in front of the bus, and into the line of oncoming traffic.

There is a simple solution to this death trap.

Loading zones must be situated on the far corner of every street. When a passenger gets off a bus he must cross behind the vehicle, thus giving him a clear, unobstructed view of oncoming traffic.

Let's hope the San Francisco Municipal Railroad does something about this situation before a resident comes face to face with the unwelcome passenger.

Martini Not For Burglars

Fainthearted burglars deserted the cause Tuesday after attempting to break into the home of Ernest Martini, 82 Vale street, police reported today.

Sometime between 7 a. m. and 11 a. m. the thugs used a pinch bar to force open a basement door in the Martini home. This part of the job was successf ul.

However, after getting the door open something must have frightened the burglars, as they dropped the bar and fled.

Police have the jimmy today, and report nothing was taken from the Martini home.

Ocean View Congregtnl. Church Sunday Sermon Topic Is Announced

Topic of Sunday's sermon at the Ocean View Congregational church will be "Thanks Unto God."

The Rev. Joseph Henry Bennett will deliver the sermon at the 11 a. m. services.

While parents are in church, a special nursery is available for their children. Sunday school also meets at 9:45 a. m.

Matson Really Has A Hot Rod

Having car trouble? Well then you can sympathize with teen-ager Donald Matson, 264 Kings road.

Last Friday afternoon Matson had his "jalopy," a 1934 model, parked on Bepler street, just above Mission. Tinkering with the wiring, Matson suddenly was enveloped in a cloud of smoke. Within seconds the motor was on fire.

Dashing over to a local gas station, Matson obtained water, and put out the blaze. A moment later the fire engines, called by a neighbor, arrived o nthe scene.

Blaze busters took one look at the smoking car, turned around and went home.

Then, Wednesday evening at 4:40 p.m., it happened again. This time Matson's car was on fire in the middle of Mission below Bepler. Not only was he greeted by the fire engines but also by irate motorists held up on the busy thoroughfare.

Matson told firemen he had rewired the car since the last blaze. Hose hoisters shook their respective heads, put out the fire, and rolled back to the station.

Today Matson is debating whether to junk the whole thing or risk another bout with the firemen.

BROADMOOR PROPERTY OWNER REPLIES TO ARTICLE ON ANNEXATION TO D. C.

The "Record" in an article of October 28 reported a town meeting held in Broadmoor October 28.

The article stated that the "general consensus at the meeting, attended by close to 300 persons, was that annexation (to Daly City) at this time is undesirable."

Since the printing of the article we have received comments pro and con. Many state the article was unfair to the majority of Broadmoor property owners. If this is the case, we apologize.

The following is a letter by an interested property owner. It refutes information printed in the October 28 issue.

Anyone with a different opinion is invited, urged, to write the "Record." We will print all SIGNED letters.

Dear Sir:

I am writing to clarify misinformation appearing in an article in the November 3 issue of your paper. The article concerns Broadmoor Village and annexation. Undoubtedly, the information was given to you by a person who would seem to be biased against annexation of Broadmoor to Daly City. Also, the article appears to give the impression that the meeting was of major importance, and that the question of annexation was decided at the meeting. Further, in the article only the views of the opponents to annexation were given, with no mention being made of any arguments in favor of annexation. There appeared too, in the article, many statements giving the impression that the people of Broadmoor thought Daly City was an evil, and unhealthy area, and in effectt, that the 'present governing administration of Daly City' are the same. This definitely is not the general impression of Daly City by the people of Broadmoor.

Broadmoor Village is an area of 1,000 homes with approximately 3,000 residents. Each home owner is a member of the Broadmoor Property Owners Association. A meeting of the association was called by the board of directors to report their progress for the past six months. Approximately 135

(Continued on page 3 col. 5)

Fire Gives City Helping Hand

Fire came to the assistance of the city Tuesday evening as it cut through a vacant house at Taylor and Valley.

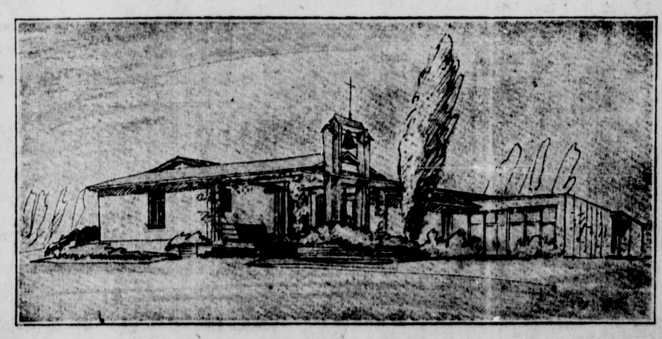
The home is to be torn down by the city in the near future, and the blaze only helped things along. Fire Chief J. E. Kennedy reported that the fire started at 9:17 p. m. in some rubbish in the basement, and was brought under control without much trouble.

As the vacant house is to be destroyed the damage was "doubly" nothing.

Another minor fire was reported at 12:16 p. m. Tuesday at Junipero Serra and North Park. Someone had started a small rubbish fire, and it had got out of control, racing through dry grass near the Lake Merced Golf club.

Before blaze busters put out the fire, it had singed several light poles and burned off a few yards of grass, Chief Kennedy said.

LUTHERAN CHURCH OF OUR SAVIOR



Combining the architectural beauty of modern design and old mission, the Lutheran Church of Our Savior, Junipero Serra and Garfield, is a pleasant place of rest in Daly City. Everyone is invited to attend the church Sunday, and during the week. A full schedule of events at the church may be found in the "Record's" Activity Calendar.

"Record" Reminiscence

From the "Record" 10 Years Ago
November 15, 1939

Approval for installation of fire hydrants to give greater protection to new home on Hillside boulevard, a proposal on rezoning portions of the city and the annuoncement that new buses will arrive here from Detroit was the principal business before the council meeting Monday.

Daly City's library is observing National Book Week this week, with special displays arranged for the enjoyment of the public.

letter from Mayor Paul Selmi, en route to Detroit after buses for Daly City, addressed to the "Record" says in part: "Already traveled many miles. As yet, haven't seen a city that I like as well as ours. All very interesting."

In the realm of international news, Winston Churchill was appointed for the second time in his 65 years as first lord of the British admiralty.

Neither Jefferson nor South City walked off with outstanding honors in Saturday's game at South City, which ended with a score of 6 to 0 against the local boys.

From the "Record" 20 Years Ago
November 15, 1929

Councilman T. P. Moran resigned Monday from the Daly City city council. A councilman for 16 years, Moran found it necessary to take this action as his job took him to Oakland. Replacing the veteran civic leader is Julius Twesten.

Officers installed for the Daly City Merchants' Association this week included: Andrew Vireno, president; Peter Pavlos, vice-president; W. H. Clay, secretary; Julius Twesten, treasurer, and J. Plansky, sergeant-at-arms.

Company No. 4, DCFD, Saturday evening held an affair in honor of Edward Fryer, a former city trustee, and Mrs. Fryer, to show appreciation for their beautiful charter, the work of Mr. Fryer.

The Jefferson High school football team was defeated by the San Mateo team last Friday by a score of 19 to 0.

Residents of Daly City will be glad to hear that in the near future programs played on the Daly City chimes will be broadcast all over the country.

The Spring Valley Water Co. is among the newest recruits to the campaign against no signboards along scenic drives. The company has placed a ban against signs on their property along Skyline boulevard.

Two Men Injured After Car Hits Light Pole Saturday

Plowing into a light pole on El Camino Real early Sunday morning, an automobile was completely wrecked and two men severely injured.

The driver of the car, Robert A. Dinkin, 29, 270 Coleridge, suffered abrasions of his face, and cuts around his head. A passenger, sitting next to Coleridge, Eugene Ross, 545 Victory avenue, South San Francisco, sustained a fractured left leg and abrasions of his face.

Both men were rushed to Junipero Serra hospital where they were treated for their injuries.

According to police, Dinkin turned off Mission at 12:40 a.m. to go down El Camino Real when, losing control of his car, he ran into a light pole 100 yards south of San Pedro road. The force of the collision completely severed the pole, and damaged Dinkin's car beyond repair.

Dinkin was cited by officers for reckless driving.

In other week-end accidents, three cars sustained minor damages.

Saturday morning Garland Seybold, 113 Claremont avenue, was driving north on Hillside boulevard. Coming east on East Cavour was Andrew Podesta, Rt. 1, Box 55, Colma. The cars collided at the intersection when Seybold made a left turn into East Cavour.

The left front of Seybold's car was damaged, but Podesta will not need any repairs on his vehicle.

A few hours later at 5:48 p.m. a car driven by Eugene Golden, 49 Muirwood drive, and a car driven by Sylvester Schoritt, 176 Golden Gate avenue, collided at Junipero Serra boulevard and North Park avenue.

Golden had stopped at the intersection, and Schoritt ran into the rear end of Golden's car, police said. The right rear of Golden's vehicle will need repairing as will the left front of Schoritt's car.

SPORTFISHING OFF LOS ANGELES

Sportfishing has been fair to good during the past week in the Los Angeles county area. Parties on boats going out to San Clemente Island have been bringing back limits.

Council Accepts

(Continued from Page 1)

were started against a piece of property on the east side of Mission near E. Vista. This land will be used as part of the new War Memorial Community Center.

City Engineer R. A. Klassen was ordered to draw up new block maps of recently built up sections of the Daly City area. These include Garden Valley, Edgemar, and several other housing centers.

The Louis T. Lee Co., San Francisco, was awarded a contract to lay a 10-inch fain from the new well at Junipero Serra to the water station on Citrus avenue. The company was the low bidder with $1,913. Mayor Green said the work would be completed by the end of the week.

However, the well digging is going to take longer. A. J. Bodien, works superintendent, reported the well is now down 300 feet. Water is expected between the 400 and 600 feet mark. The job will probably take another 30 days, Bodien said.

The new well will give the city additional water facilities, and relieve some of the present load, Bodien reported.

The council decided the city will do the work of putting in a sewer at Marchbanks park. This, done by day laborers, will save tax payers about $2,500, Mayor Green said.

The city engineer also was directed to build a culvert at the west end of Vale street. During the last big rain it was discovered that the end of the street might be an excellent place for children to fall in and drown. The culvert will remove this danger.

Grace Church Of Nazarene Presents Trial

"Jesus on Trial" is the title of the unique sermon that will be presented at the Grace Church of the Nazarene, Vista Grande and Santa Barbara, Tuesday evening, November 22.

Similar to a court room scene, Reverend Oscar Stern and Reverend Charles Haimovitz, prominent Hebrew Christians, will defend the deity of Jesus. Reverend Stern will take the part of prosecuting attorney and Reverend Haimovitz as defense attorney.

Touring across the nation, these two speakers have attracted great crowds with their unusual presentation. Ministers, Bible teachers and laymen of various denominations have enthusiastically acclaimed their sermons to be the most gripping they have ever heard.

The service at the local church will begin at 7:30 p.m. The public is invited to attend.

Public works undertaken by the federal government in 1949 will approach three billion dollars.

Only about 75 per cent of the meat processed in America is sold fresh.

SO WHAT

(Continued from page 1)

France.

There they hoped to live out the terrible siege but fate decreed otherwise. In time, the Germans occupied all of France, and when they discovered that her family were Belgian, they insisted on a return to Charleroi.

Now began the long and trying time of living under the Hitler heel. Four years dragged slowly by. In fact, it seemed to her that time was unending, until the great day brought the news that the Yanks were coming.

At last they arrived, and like other girls, Ghislaine wanted to do something to aid the cause of the Allies. She spoke English well, therefore she asked if she could act as an interpreter.

Well, it so happened that there was a real demand for linguists. Consequently, she was put to work immediately and assigned to the 52nd Quartermaster Corps.

Of course, the lads in khaki ogled the fair young maiden. Moreover, they tried their best to make a date with her. But it seems that her mother warned against such carryings on.

However, there was one fellow who, while not making the direct approach, arranged to be in her office on numerous occasions. Yes, he looked at her and she noticed him.

But both were rather backward about the personal angle. Oh, they talked—business to be sure. Nevertheless, it was plain to Mlle. Sebille that at least some of the conversation wasn't absolutely necessary.

That was the way it went for a long time. They were both making sure that the other was serious, as the Europeans say. Then one day he asked for a rendezvous.

The courtship was no whirlwind affair either. But at last, the Nazis were defeated, and that meant he would be on his way back to the States

Actually, he did return, but only after he exacted a promise of marriage. Six months later Blount rushed back to Charleroi to claim her as his bride and then here to California.

Ghislaine loves her new homeland, her hubby and her baby, but please, no more prowlers.

And now a warning to all merchants and those doing business in this vicinity. Beware of checks! Again, we repeat, beware of checks.

Of course, we are not referring to those proffered by regular customers. Instead, we are thinking of those tendered by strangers.

It seems that every year just at this time, we mean the preholiday season, a number of individuals from elsewhere, stick many of our people with checks that bounce like an India rubber ball.

Naturally, everyone is anxious to do as much business as possible. However, remember that one phoney deal will wipe out extensive profits. Hence, use every precaution in the matter of checks.

Now the police department is ready, willing and able to assist any and all when a check is offered. Just give them a ring, and they will do the rest.

First, they will make sure of the writer's identification. That is a most important factor. Most phoneys give a fictitious address, which can be determined quickly.

We could go on and reveal other factors, but they strictly the concern of the Chief. Just let it suffice to say first, beware of checks! And secondly, use the good offices of the police department if a stranger offers one . . .

Justice of the Peace John J. Fahey Jr. has resigned from his office, and he will step down on December 31, 1949. The heavy demands on his time caused him to relinquish the post, he said.

In truth, he explained that the judgeship all but deprived him from attending to his law practice. Daily he sat in court and that meant he only had evenings to devote to clients.

The name of the judge has long been familiar in these parts. His father served the community before him, and he has acted in his present capacity since December 8, 1941, on and off. Therefore he will be missed by many when he terminates his services at the end of this year.

Grace Presbyt. Church To Hold Thanksgiving Service At 10 a.m.

Special Thanksgiving services will be held November 24 at the Grace Presbyterian Church, Hanover and Evergreen.

The services will begin at 10 a.m. on Thanksgiving day. A special message, fitting to the occasion, will be delivered by The Rev. William Harberts.

Miss Marian Walker will sing a solo, "Thanks Be to God."

The public, regardless of faith, is invited to attend the services.

The greatest consumer of boron materials is the glass container industry.

The Farallon Islands, off the Golden Gate at San Francisco, were once a rookery for fur seals.

The San Diego Society of Natural History celebrated its 75th anniversary on October 9, 1949.

Fahey Resigns SSF Post; Bocci May Fill Vacancy

With his resignation from Justice of the Peace court January 1, John J. Fahey, 42, 32 Edgeworth drive, Garden Village, will devote all his time to private practice, it was reported today.

Judge Fahey turned in his resignation, effective January 1, to the San Mateo county board of supervisors Tuesday. He said he was quitting because the judicial duties, on a part time basis, were depriving him of time for his private law practice.

Thomas L. Bocci, Fahey's associate in the Daly City firm, may be inteersted in the judgeship, Fahey said.

As justice of the peace in the First (South San Francisco) Township, Judge Fahey received $5,200 a year. This job, on a full time basis, pays $7,200.

"Business of the court has become so heavy recently," Judge Fahey said, "that I'm devoting four fifths of my time to those duties. I cannot afford to continue on that basis, and neglect my own practice."

Judge Fahey said the board of supervisors should put the court on a full time basis. He did not indicate whether or not Bocci would accept the post on a part time basis.

Whoever is appointed to the judgeship in January must run for election next June, if he wishes to succeed himself.

A native of Colma, Judge Fahey served as municipal judge for Daly City from December 2, 1941 to June 1, 1942. Judge Fahey became Justice of the Peace January 1, 1943. Serving until December 3, Fahey entered the navy and served in the shore patrol of the 12th naval district.

When he was discharged from the navy in 1945, Fahey took office again in January 2, 1946. He was reelected the same year for a four year term.

POPULATION GROWTH

Population of what is now Oregon is reported to have grown from approximately 10,000 in the territorial days of a century ago to an estimated 1,500,000 today.

Toy Fair Next For General Pershing PTA

By Mrs. E. K. Whinnen

Plans for a General Pershing PTA toy fair in December were shaping up nicely today.

The toy fair will afford parents an opportunity to pick up really worthwhile toys and dolls. Many will be made by hand by members. Others will be bought and dressed by members.

There will be many inexpensive toys that will appeal especially to the children with their dimes and nickles.

Watch the "Record" for the exact date, time and place of the fair.

Meanwhile, a meeting of General Pershing P.T.A. room mothers was held November 9 at Mrs. George Freeland's, 156 Irvington, to discuss a more equitable method of giving credit to classes for mothers present at the general meetings.

Obviously, a room with 40 pupils should have more mothers present at a meeting than a room with only 20 pupils, therefore some method whereby the representation would be to ration of pupils in the various rooms should be worked out. It is a bit difficult. Any mathematically-minded member or husband of a member, who has an idea on the subject, please pass it on to Mrs. Freeland for discussion at the next meeting.

The room mothers will meet once a month in the future to plan ways of encouraging more mothers to attend meetings and to take an active part in school and P.T.A. affairs; to learn about needed equipment for rooms, assist in serving and in welcoming mothers who attend the regular meetings.

It was also decided to change the name from "room mothers" to "room representatives."

The following are the room representatives at present: Mrs. Krummes' room, Mrs. George Neuner; Miss Likely's room, Mrs. Louis Lupton; Mrs. Rule's room, Mrs. George Parsons and Mrs. F. J. Prisco; Miss Engle's room, Mrs. Leonard Styre; Miss McGrath's room, Mrs. George Freeland and Mrs. R. F. Traxler; Miss Tallefer's room, Mrs. Arthur Benofsky; Miss Lee's room, Mrs. H. Smith Jr. and Mrs. Harold Purser; Mrs. Clarke's room, Mrs. M. J. Cook; Mrs. Krummes' room, Mrs. Al Rosenberg.

Lutheran Church To Celebrate Loyalty Sunday

This Sunday, November 20, is being celebrated as "Loyalty Sunday" in the Lutheran Church of Our Savior, corner of Junipero Serra and Garfield.

Special invitations by personal call and phone call have gone out to every member of the church and Sunday school in recent days to insure as close to 100 per cent attendance as possible, this Sunday.

Rev. Robert G. Konzelman, pastor of this growing mission, stated that special features of the Sunday school hour at 9:45 a.m. will be a Thanksgiving service and a roll call by classes. It is expected that most of the 176 members of the Sunday school will be present.

Highlighting the 11 a.m. worship service will be tthe reaffirmation of confirmation and baptismal vows by the congregation, and the playing of recorded messages of National officials of the American Lutheran Church, and Dr. H. F. Schuh, director of stewardship and finance. The pastor will preach the festival sermon, his theme for the occasion being: "What Do You Mean by Loyalty?"

At the evening service (7:30 p.m.) Pastor Konzelman will preach on the theme: "We Would See Jesus." This is one of a series of illustrated sermons being delivered at the evening services each Sunday.

It was also announced that there will be a Community Thanksgiving service at the church at 10 a.m. on Thanksgiving Day. The church's Boy Scout troop will provide the ushers for the service, and distribute the invitations throughout the community. Troop No. 82, under the direction of Steve Gaal, is supplying a Thanksgiving basket to a needy family, funds for which were gathered by collecting and selling old papers.

Everyone is welcome at the Lutheran Church of Our Savior, and the pastor is at the service of all.

Brownies "Fly Up" To Ranks Of Girl Scouts

Big day for eight Brownies of Troops 7 and 11 was Monday when they were formally accepted into the Girl Scouts.

In what is known as a "fly-up" program, the Brownies were given "wings" and sent up the ladder of scouting to the Girl Scout circle.

Colorful ceremonies preceded the actual acceptance of the Brownies into the Scouts.

The girls to be given "wings" formed in a circle across from Girl Scouts formed in a horseshoe. After the Brownies were given wings, they were led from the circle to the horseshoe by Esther Larson, Patsy Michelson, Sonia Theren, Grace Hernandez, Sharron Bradly and Claudette Cavelle.

Mrs. Wanda Michelson, Mrs. Margaret Prescott and Mrs. Mary Larson presented the new scouts with scouting pins.

Young ladies from Troop 7 included: Adalie Bautista, Nadja Colby, Judith Setta, Janet Mosley, Pauline McCann, Karen Savage, Lynn Shreve. Lynn, however, did not choose to go on to scouting at that time.

Girls from Troop 11 receiving wings were Wendy Wilson and Judith Pollock.

Mrs. Cynthia Lake and Mrs. Madeline Anderson were in charge of Troop 11, while Mrs. Dorothy Croner, Mrs. Dorothy Carr and Mrs. Bessie Runge have charge of Troop 7.

Not to be forgotten is the color guard made up of Joan Dunn, Judy Dunn, Patric Phillips and Beverly Brewster.

Following the ceremonies, refreshments were served.

Emydian Institute Grand President To Be Present At Initiations November 22

Red letter day of the fall season this year for the Emydian Institute No. 154 will be November 22. Angels parish, Colma,

At 8:30 on that day at Holy Angels parish Grand President Miss Bertha Sanborn will be present to take part in the initiation of new members.

All officers will be in formal dress for the occasion.

The following are on the committee for decoratinos and refreshments: Mesdames Mae and Lenore Varni, co-chairmen, Louise Olcese, Norma Allen, Dina Marsili, Della Graziani, Dina Rossi, Rae Grondona.

Also on hand to welcome the president will be the institute's deputy, Miss Lorraine Jones. Chaplain Father McElligott, too, will be present.

Reine Ewell, hill hold, $5

Special Movie At Church Sunday

A religious motion picture of compelling human interest will be shown this Sunday at the Broadmoor Community Presbyterian church, 87th west of Junipero Serra.

The movie "And Now I See" will be shown at 7:30 p. m. Special services will accompany the show.

The Rev. John A. Glasse, minister of the church, says the picture is of such merit that it was shown last Sunday morning in lieu of the usual sermon.

For those who were not present last Sunday, or for those who may wish to see it again, the movie is being repeated.

The service will last one hour, and the general public is invited to attend.

Colma Whist Game Series To Finance Bldg. Improvement

Whist lovers in Colma and Broadmoor will be glad to hear that a series of games will be held next month by the Colma Community Center directors.

The first whist will be held Friday, December 2 at 8:30 p. m. in the Colma Community center building, Dunk street. Various valuable awards will be distributed after the game.

All money from the whist game will be used to supplement the sum already at hand to pay for necessary repairs on the community center building.

"The more money we raise from our whists the better will be our job of reconditioning the center," Mrs. Margaret Brown, president, said.

Attillio Conserva is chairman for the games, assisted by Mike Callan.

Broadmoor Church Holds Thanksgiving Services Thursday

Lutheran Church of Broadmoor will hold Thanksgiving Day services next Thursday, November 24, at Community Recreation Center, White street, just off 87th, in Broadmoor Village.

The time will be 10 a.m. to permit any finishing touches that might be necessary to be made on the turkey after church.

The public is asked to remember our President's reminder of the spiritual heritage we in America enjoy, and not to forfeit it, by not thinking of the wonderful things for which we ought to thank God.

Pastor Zschiegner's theme for Thanksgiving Day will be: "Think —Then Thank!" All Christians not having a church home of their own are invited.

Meanwhile, Tuesday evening of last week an enjoyable as well as profitable time was spent by the ladies of Broadmoor Lutheran Church and mothers of its Sunday school pupils at the home of Mrs. E. Bowlin.

A Bible discussion led by the pastor was followed by a meeting in which it was decided to have a pot-luck supper. The date set was December 16, the place to be the Community Recreation Center.

At the same time committees were formed to handle all details of the event which falls in the Christmas season. All families of the chudch and of the Sunday school pupils are invited to this event, and any friends who should care to be with the group that evening.

Two Represent Crocker PTA

Representing the Crocker PTA at the 17th district meeting on Thursday were Mrs. Erwin Schmidt, president, and Mrs. Lyle Ingersoll.

Further information on the meeting at Burlingame may be found in the "Record."

Meanwhile, the Crocker PTA had a big part in the recent Hallowe'en parties given in Daly City. Mrs. Schmidt and Mrs. Effie Jordon were chairmen for the affair, assisted by Mrs. Ida Blackburn and Mrs. Ann Ingersoll.

Judges included Mrs. Blackburn and Mrs. James Jordon. They chose the following winners: Patricia Jennings, Craig Helgoth, Harry Helgoth, Herbert Stewart, Mary Gensel, Michael Traxler and Bruce Freeland.

Around Broadmoor Village

with Verna Duste

Ever read the phone book?? 'Sfunny, how the people we know turn out to be the subject (yes, Sam, the name at the top of page!) F'rinstance, page 121 — Sam (the Rotiller Man) Cheskey busted right into the top of that little ditty.

The Nollis had a Party, It's a "capital P" party because it wasn't really a party. It all started with two nickels, which six-year-old Jackie had secured from a couple of unwary relatives. Two nickels lead, naturally, to bubble gum and licorice, and, inflation notwithstanding, all that bubble gum and licorice lead to having the gang over and shooting the works. So, Iris didn't get her back lawn mowed Sunday. She popped corn and made lemonade for ten kids—and which kid had the most fun?? —the one named Iris, of course!!

Next most fun this week was had by Johnny Stedman, who celebrated five hole years of age November 16 with a party for his pals—Peter Tobin, Frank Pipgras, Billy Steffens, Sarah Ann Marshall, Carol Gallman and Linda Anderson. At Johnny's house they had a projector, so naturally they had cartoon movies. Too bad it wasn't at night — we could've crouched down and watched through the front window.

Little Andrea McQuirk proudly blew out one candle for her Mommy and Poppy, while Russ Parkison and Peg Merchant both blew out just a couple more — Peg on the 13th and Russ on the 14th.

Newest transferees from one village to 'tother are the Len Stillers, formerly of Washington street, now of Garden Lane. As the painters trooped out, we spied little Muriel (that's Mama Stiller) standing in the doorway muttering incoherently (and happily) something about "all the rooms lead off the hall!!" Anyhoo, to top off a busy time, little Paulette Stiller marked her second birthday with Momma Muriel, Popppa Len and Brother Dickie.

One of the busiest people we know hereabouts is Memory Gomez —just ask the Girl Scouts, those who go to morning school as well as the afternoon schoolers. The girls are, at present, busily at work on a program of Christmas carols, "usual and unusual," and are finishing up plans for a tea to be held in the Community Center on December 6. Also slated for a Lions Club luncheon (to sing — not be eaten, Sam!) the girls are showing remarkable progress — take a bow, Mary!

While the bows are being taken, Mrs. Maude Lapp should have maybe a wee extra one. Mrs. Lapp, a gown designer, did the honors for the choir robes for the Broadmoor Presbyterian Church. The robes, of dubonnet with white collars, should be finished in time to gown the choristers by Thanksgiving. The various choristers are making the robes, but to Mrs. Lapp go the honors for the distinctive design.

The Birthday Bridge Club, honoring Ginny Marovich, met November 10, with the usual silence (with women playing?? Yes, Ed., with women playing) while two tables hassled it out. Mesdames Marovich, Kassow, Lipset, Tashro, Driscol, Richardson, Goodwin, and Johnson managed to keep Robin Kelleher's coffee pot drained dry, and the no-trumps flying all afternoon. (You can tell we don't know from nothin' 'bout bridge!)

Little Bruce Harrell over in Garden Village very proudly contemplated his very first birthday cake this week — many happy returns.

Cathy and Al Averill, one of our favorite couples, celebrated their joint birthday, November 11, with a cake and candles at home. (No, Sam, they didn't set the house on fire.)

Sewing circles hereabouts are becoming increasingly aware of the advent of Christmas (or is it holes in sleepers??—) anyhow, the 87th St. Group met Monday night at Jeanne Brugge's — that is, Eleanor Meitz, Mary Hess, Donnie Golliday, Emily Hager and Louis Ladd. They couldn't all come.

Coming home from "that certain" market 'tother day, we strolled down Garden lane, and passing what used to be the Arney house, we saw Judge Cunningham on the lawn, patiently waiting for some one (or something). 'Bout an hour later, we had to go back for some little thing we forgot, and he was **still** there! Then came the dawn — Arneys have a lovely red setter, Lady, who is only a shade less beautiful than Judge, and who is one of Judge's dearest friends. What beats us is — doesn't he know she's gone, or is he keeping watch for her? We asked him, but he just gave us a bored look.

Back to Los Angeles goes Mrs. Amy Patey, whose visit to her son, Patrick Patey, and his oh-so-charming Mrs. Maryon, was all too short, especially to those of us who benefited, however indirectly, ftom her Canasta lessons!! (Just call me "Frozen Pack" Duste.)

The Douglas Kramms also waved a fond farewell to Mrs. Kramm's mother, Mrs. Lybrand, who terminated a five-week stay with them. On Nimitz drive, you know.

Next time Dorothy Swoverland (DE. 3-4158) goes by your house with her pack on her back, call her in and ask to see her special line of Beauty Counselor Christmas gifts for from $1 to $5. Ah me, that lovely price range! Seriously, tho, Dorothy has some lovely things, beautifully boxed, for that extra gift you have to dash madly to the store for on Christmas Eve.

Congratulations to the VFW Auxiliary on their very successful apron sale held at King's Market. Held for the benefit of augmenting the National Home Relief Fund, the members made, donated and sold the aprons.

Well, we've got to dash — one of our heads is aching, and we've made an appointment to have it cut off. It doesn't take long, it's the throat-cutting that's "tedjus."

See you at the Legion Auxiliary dinner Saturday night at the Community Center at 6:30 — you'll know us, they'll lose money when we start eating! Selah!

Broadmoor Property Owner

(Continued from Page 1)

people (not 300) were present. After the official meeting a discussion of the advantages or disadvantages of annexing to Daly City was held. Nothing was to be decided.

At this time the meeting dwindled to 115 people. An organized group of opponents to annexation were present. Of this group not more than seven spoke on the floor in opposition to annexation. About the same number spoke in favor of annexation, although not quite so vociferously. It was at this time that the opponents of annexation made the statements that:

1. "If Broadmoor was annexed property values in Broadmoor would drop."

2. "Daly City is not a first class city, and it is far from being a desirable residential community."

3. "The present governing administration of Daly City is not of the best, and this might reflect on the future growth of Broadmoor."

Obviously, these are statements made with very little thought. It has always been my opinion that it is the people, rather than the type of building they live in, that makes a city. Also, Daly City officials have been most cooperative in allowing Broadmoor the use of their recreational facilities, and in their help in police and fire protection.

If you think the comments by a few people from the total area of Broadmoor are newsworthy then I apologize for this letter.

My opinion is that the great majority of Broadmoor residents have formed no opinion on the matter of annexation. Then, of course, there is a little matter of whether Daly City wants Broadmoor. Personally, I hope to see, in the not too distant future, Broadmoor and Daly City, including Westlake, as one great area.

Hoping you accept this letter in the spirit in which it is written,

I remain,

CLAUDE E. HANRAHAN
932 Bradley drive

Law Breakers Pay $425 In Fines At Police Court

Last Thursday was a busy place in police court, and also lucrative to the city, as $485 was paid in fines.

The biggest fine was meted to Joseph Schmidt, 248 Dublin street, San Francisco, who pleaded guilty to drunken driving, and driving without an operator's license. On the first count he paid the city $125, and on the second, $25.

Two San Francisco men, John Brent Horton and Harvy D. Cross, each paid fines of $100. Horton pleaded guilty to tampering with a car, and Cross pleaded guilty to petty theft and also tampering. In addition both young men were put on probation for one year, and received suspended sentences of 30 days in the county jail.

Joseph Ruigomez, 356 Rockwood drive, South San Francisco, pleaded guilty to driving 75 miles an hour in a 25-mile zone and was fined $35.

Eugene Perry, 138 Santa Cruz, pleaded guilty to being drunk in and around an automobile. He was fined $50.

Patrick Uriquidez, 3701 Folsom street, and Orville Brown, 1605 Castro street, pleaded guilty to disturbing the peace. Each of the men was fined $25.

Federal forest reserves were the forerunners of the present system of national forests.

SONOMA COUNTY PHEASANTS

Pheasant hunting should be fair to good in the Sonoma county area when the season opens, predicts the National Automobile Club. Birds are most numerous at present in the vicinity of Cotati and Sebastopol Lagoon.

Gateway to Life . . .

A young mother said with an enthusiastic ring in her voice, "There is one thing I am determined to do. I am going to see that Nancy knows and loves the Bible." This mother knows that *the Bible is the gateway to life.*

There are other books that assist in developing a useful and happy life, but there is only one book which is important from the cradle to the grave. There are many books which can improve mind and character, but there is a limit to their effectiveness.

The Bible gives help and guidance in every phase of human experience. That is why it is the world's most popular book. It has been issued in 188 languages and part of it in 1108 tongues and dialects.

No other book has ever been so thoroughly read as the Bible. It lives because people get the most out of life as they study and treasure its eternal truths.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Psalms	1	1-6
Monday	Luke	8	11-15
Tuesday	Deuteronomy	30	11-14
Wednesd'y	Matthew	5	17-20
Thursday	Isaiah	40	28-31
Friday	John	5	39-47
Saturday	II Timothy	2	14-17

Local Boy Scouts To Hold Dance November 26 To Raise Money For Muses

That young boy who comes to your door this week isn't working his way through college. No, he's selling tickets to the Boy Scout Troop No. 106 dance.

As the tickets are reasonable, and the cause good, don't chase the lad away from the door with boiling lead. Give him a chance to speak and sell.

All money from the dance will be form a badly needed drum and bugle corps. At the present time Daly City has no representation in this musical category of scouting.

For those who wish to get more than a drum and bugle, the tickets promise:

A grade "A" dance, with a first class orchestra. The dance is to be held November 26 at 9 p.m. in Castle hall.

A bushel of gifts. These will include groceries, candies, kitchen ware, and general awards to make the home maker happy.

A hot dog and coffee stand to renew the dancing feet and pining stomach.

So what more can anyone ask from any dance? Why not give it a try? Besides it will be a good way to escape that inevitable dinner of turkey left overs.

SF Elks Meet Friday, Nov. 1, For Stag Dinner And Movie Preview

Meeting this Friday night, November 18, will be the San Francisco Elks at 454 Post street, Judge J. J. Fahey Jr., exalted ruler, announced today.

Feature of the meeting will be a stag dinner, motion picture preview and buffet supper in the Elks' clubrooms. There also will be a short business meeting.

Other San Francisco Elks' features of the coming month include balloting for candidates at the November 25 meeting; initiation and memorial exercises December 2, Ladies Night dinner and program December 7, and a French night stag dinner on December 10.

Eagles Flap Wings For D. C. Firemen

Paying special honor to Daly City firemen this week are members of the Colma-Vista Grande Aerie No. 1848 FOE.

In a three day "celebration" which started Thursday night, the Aerie pays tribute to the firemen. Last night, November 17, past presidents of the organization, who are also blaze busters, took over the regular meeting of the Aerie.

Bert Meritt was president for the evening, while Sgt. Bolger was past president; A. J. Bodien, vice-president; Larry Shaw, chaplain and John Craig, conductor.

At the same meeting a large class of new members were initiated. Their names will be in next week's "Record."

Tonight, Friday, the Eagles will hold open house for all Daly City firemen at the Eagles Hall, 3346 San Jose avenue. All firemen are invited to the 8 p. m. meeting which will feature various forms of entertainment and movies.

Saturday evening, at 9 o'clock, firemen and their families are invited to be guests of the Aerie at Eagles Hall. At this time a dance will be held.

Turkey Whist Sat. At St. Michaels

A turkey whist party will be held at 8:30 p.m. Saturday, November 19, at St. Michael's parish hall, 32 Broad street, San Francisco.

In addition to games, there will be various forms of entertainment. Also during the evening several turkeys will be given away.

Mrs. H. Murry is the chairlady for the affair. She will be assisted by Mrs. E. O'mallye, Mrs. J. Pechitti, Mrs. J. Carroll, Mrs. A. Neenan and Mrs. P. Giblin.

Father William Worner is honorary chairman for the event.

SOCIETY

DC Ball Player To Join Matrimony League This Sunday

Matrimony will be the purpose of a visit Fred Fazzio and Dolores Seiler will have in mind when the walk into the Epiphany Church at 4 p. m. this Sunday.

Miss Seiler is the daughter of Mr. and Mrs. August Seiler, 37 Joost avenue, San Francisco. She is a graduate of Jefferson high school and is employed by Safeway stores.

The groom is also a Daly City resident and a graduate of Jefferson high school. At the present time he is resting after a season with the Brooklyn "Bums." However, he can be seen any Sunday (except next) on the field playing ball for the Junipero Serra Merchants.

After the wedding the couple will travel to southern California for their honeymoon. When they return they will make their home at 99 Theta street.

Baby Shower Given For Mrs. Freeman

Three generations of one family were present Tuesday when the Glow Club gave Mrs. William Freeman, 143 Moltke street, a surprise baby shower.

Hostess for the combination shower and club meeting was the expectant mother's mother, Mrs. John Redlinger. Also present was Mrs. James Thomas, the mother of Mrs. Redlinger.

Following the rgular business meeting, the ladies presented Mrs. Freeman with many beautiful and useful gifts.

Xmas Bazaar At OLPH School Sunday, Dec. 4th

Almost all the strings were tied today on the annual Christmas Bazaar at Our Lady of Perpetual Help school December 4.

The string tying was accomplished last Friday when the sponsors of the bazaar, the Mothers Club of OLPH school, met to formulate final plans for the event.

Teresa Sullival, president, is to be the general chairman. Assisting her will be Mesdames: Lee Miller, food sale in conjunction with a lunch counter; Sue Schroeder, with a new booth called the "surprise package booth;" Esther Nolan, cakes; Eleanor McDougal, dolls; Betty Brush, candy; Elsie Thomson, hand made sewing articles; Mary Thiebaut, Helen Perry, children's booth.

The bazaar will open immediately after the 8 a. m. Sunday mass, with breakfast following.

Meanwhile, a Mothers club communion is planned for November 27 at the 8 a. m. mass. A breakfast will be served later, and all members are invited to attend.

A whist will be given December 6, with Lee Miller as chairman. She will be assisted by mothers of the fifth grade. Everyone is invited to attend the whist games.

New Arrivals

To the wife of Frank T. Bondi, 26th St. Charles avenue, October 29, a son.

To the wife of Alfred J. McCarthy, 607 Manila Way, November 5, a daughter.

To the wife of Leonard A. Mjehovich, 5811 Mission, November 7, a son.

To the wife of Gordon Young, 320 Railroad avenue, November 2, a daughter.

To the wife of Vernon J. Back, 243 Miriam street, November 3, a son.

To the wife of Antonio Delfino, 283 Station avenue, November 8, a daughter.

To the wife of Russell C. Newby, 578 San Diego, November 2, a son.

New Teachers, Trustees Honored At Reception

New teachers were welcomed, and the trustees of the Jefferson elementary school district honored November 9 at a reception held at Thornton school.

Greeting the guests were members of the Jefferson District Classroom Teachers' Association, led by Mrs. Otha Kinsey, president, and Miss Genevieve Gannon, vice-president.

Approximately 60 teachers and school executives attended the informal event. Included were Superintendent and Mrs. James Snell, Mr. and Mrs. Hugh Falconer, Mr. and Mrs. Andrew Van der Werff, Mr. and Mrs. William Cheatham and Carter Callan.

Held in the domestic science room, the reception site pointed up the progress being made by Daly City's school system. What once was a shabby basement room is now shining and resplendent with new and up-to-the-minute equipment. The room is used during school hours to teach the younger generation the art of home making.

Adding to the attractiveness of the room were warm, vivid banks of chrysanthemums of every hue. From many of the guests, particularly the teachers and trustees who remembered the room before its refurnishing, the spectacle inspired pleased exclamations.

An informal buffet snack of sandwiches and cake was served.

Teachers and executives new to the school district, most of whom were present, included:

Miss June Cross, school nurse; Miss Fern Kline and Paul MacDonald, traveling teachers, and Hugh Falconer, general supervisor.

Other new teachers include: Miss Jeanette Young, Woodrow Wilson primary; Miss Joan Lee and Mesdames Dorothy Lickly, Thelma Rule and Nellie Taillefer of General Pershing; Mrs. Helen Schober, Jack Fischer of Woodrow Wilson and Crocker; Glen Smith, Crocker; Miss Barbar Bayne and Erle Johnson, Jefferson.

Woodrow Wilson PTA Plans Second "Hot Dog" Sale

With one successful "Hot Dog" sale behind them, women of the Woodrow Wilson PTA today were planning for another such sale November 23.

Plans for the event were made at the WWPTA monthly meeting last Tuesday. Volunteers are needed to augment the women who are handling the sales. Anyone able to help should contact Mrs. Bill Carmacr at JUNniper 6-1889.

At the same meeting a delightful review of "Father of the Forgotten Manj" was presented by Mrs. Snell who, with several other members of the PTA, has been attending the special family relationship lectures in Burlingame.

Mrs. Kennedy's second grade won the contest to get the most fathers and mothers to join the PTA. They have been rewarded with a party which Mrs. Keith has arranged for them. Mrs. Keith is assisted by Mr. James Surber and Mrs. Norman Reynolds. The party will be held this Friday.

Also, the children of the school are anxiously awaiting a Christmas party which Santa Claus has guaranteed to attend December 13. Mrs. Keith will be assisted by members of the WWPTA and a fine time is promised the children.

Mrs. Bostwick and Mrs. Zenovich, fourth grade teachers, were introduced to all mothers at the meeting.

Members are urged to attend the next regular meeting scheduled for January 17, 1950.

Eleven choices of colors combined with new interior styling are featured in the 1950 Ford Custom Deluxe Club Coupe and other models just introduced by Ford dealers throughout the nation. Ford Division has accomplished greater comfort, safety and economy as well as improved beauty of styling in its 1950 models.

PTA Members Visit SMJC Coyote Point Campus Thursday

One of the highlights of the November meeting of 17th District, California Congress of Parents and Teachers, Thursday, November 17, was an inspection of the education facilities at the Coyote Point campus of San Mateo Junior College.

The all-day session opened at 9:30, in the Burlingame High School auditorium. Mrs. J. M. Foley, 17th District president, conducted the business meeting and reported on the state board meeting, held in Los Angeles November 15 and 16. Morning session featured the Department of Education, with Mrs. William V. Bohn as director, and the Department of Health, Mrs. S. S. Mayo, director. PTA members from all over the county attended.

"It's Your Health," color film on dental care, was shown at noon, by Loren Miller of the Visiual Aids department for the county schools, in cooperation with the San Mateo Countyl Dental Society. County PTA group is enthusiastically supporting the current educational campaign in dental health, including the radio series presented over KSMO Monday mornings. Several individual school associations are using magnetic tape recordings of the broadcasts.

Following the film showing, the group was transported to the Coyote Point campus of the San Mateo Junior College for luncheon. Dr. Oliver Byrd, of Stanford University, was the featured speaker.

A tour of the famous junior college campus completed the day's activities.

Happy Birthdays!

November 11 — Leslie Batestra, C street, Colma; William E. Kahle, Rt. 1, Box 12, Colma.

November 12 — Cynthia Hopper, 174 Werner.

November 13 — George Perata, 74 Sutter avenue; Casimiro Costa, 1047 Grant avenue.

November 14 — L. V. Wossard, 755 Washington; Russell Parkisale, 419 88th street.

November 16 — Cecil Jacke, Box 345, Colma.

November 17 — Ann Mori, 21 Garden lane; Richard Perata, 74 Station; Robert DelBueno, 17 Mateo avenue; Stephanie Rice,, 451 89th street.

November 18 — R. J. McVanner, Box 524, Colma.

November 20 — Patsy Kahle, Rt. 1, Box 10, Colma.

November 21 — E. A. Rusert, Rt. 1, Box 11, Colma.

Order Job's Daughters, Bethel No. 183 To Hold Initiation Meeting Friday

An election and initiation meeting of the Order of Job's Daughters, Bethel No. 183, will be held Friday, November 18.

The meeting will begin at 7:30 p.m. at 4705 Third street, San Francisco.

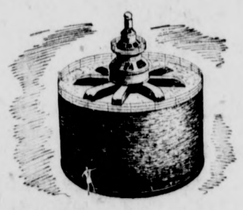
Chairman for the evening will be Mrs. Rae Kocker. Following the initiation, entertainment will be the order of the evening.

Mrs. Miriam Yerzy, honored queen, will preside during the evening.

She sewed a dress for ½ cent's worth of electricity

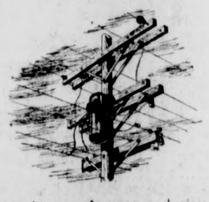
One of the many reasons why it's good to live in California is the high standard of electrical living. Californians buy and use many electrical servants without stint because the electricity to run them costs so little. For example, the electricity to operate a sewing machine to sew up a dress costs only half a penny — that is less than the price of the thread used. Your electricity bargain is hard to beat.

For the handy man and his hobby and repair shop, small electric motors help do a better job at less monthly cost than the price of a bottle of liniment. A lot-sized hedge, for instance, can be trimmed electrically for about 50 cents a year.



Behind the wall plug where you get the electricity to run a sewing machine, radio or clock, is a vast electric system of 72 power plants, scores of substations, 49,900 miles of transmission and distribution lines and almost 17,000 employees.

For the record



The poles, transformers and wires in your community are pieces of local property. They are taxed just like your own house and lot. In your city and county, P. G. and E. is one of the largest taxpayers contributing to local schools and government.

P.G. and E. Service—does so much... costs so little

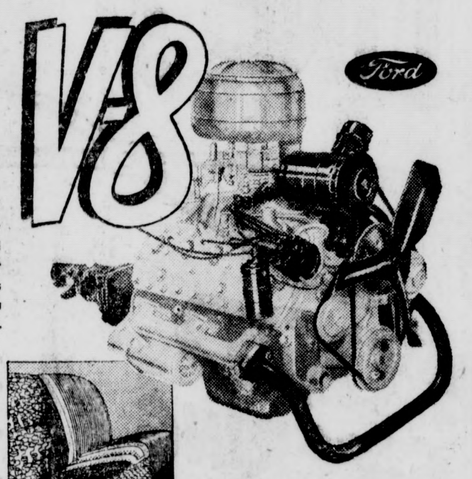
P·G·and·E·
PACIFIC GAS AND ELECTRIC COMPANY

1950 FORD

IT'S HERE FRIDAY AND 50 WAYS NEW!

White sidewall tires available at extra cost.

WITH THE EXCLUSIVE NEW 100 H.P. FORD V-8



ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100-h.p. V-8 that delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

NEW sound conditioning

New "sound conditioning" in floor, doors and body panels insulates Ford's "Lifeguard" Body against road noises. More extensive sealing in 41 areas gives additional interior quietness and protection.

NEW "Hushed" ride

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flex" Springs) that it virtually erases every bump.

NEW quality features

New quality is easy to find in this 50-way new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors.

NEW driving comfort

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. You drive relaxed.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.

There's a Ford in your future ...with a future built in

SEE THE ONE FINE CAR IN THE LOW-PRICE FIELD at your FORD DEALER'S

NEWS FROM THE SCHOOLS

CROCKER

South America

The walls of Room 4 are beautifully decorated by colorful Pan-American objects, making the room conductive to the study of American neighbors.

Jackie Hansen and Legus Watts have each brought a huge sombrero, which are handing on each side of the wall. Sally Reeves, a transfer student from John Muir School in San Francisco, has already made splendid contribution to the class decorations. She has brought a Mexican leather purse, a white shawl, with a long blue fringe, a red and white jacket with green trees, a white blouse with a huge red hand-embroidered rose on the front of it, and a pair of huraches, which are Mexican sandals.

Sally also brought a Mexican yo-yo, and a game from south of the border called "flipstick." This game consists of a stick and a piece of string attached to which is a small barrel with a hole in the center of it. The object of the game is to jerk on the stick, flip up the barrel and try to catch it on the stick. This demands dexterity and is very difficult to perform.

Science Pictures

The children of Room 6 saw some interesting pictures during their science period, showing how animals prepare for the winter. In one picture a number of snakes were in a den hibernating and at a little distance away, a rabbit was sleeping, each oblivious of the other. Another picture showed a weasel with its summer coat of brown, and one in its winter coat of white ermine. The students further learned that baby bears are born during the mother's hibernating period while the father roams the country round.

The lung fish proved interesting to the students, as they learned that this fish rolls itself up in a ball of mud which dries. The fish remains in this ball for about four months when the rainy season starts. It becomes very emaciated during this period, however, when it is placed in water it soon revives.

Chinatown Excursion

Children in the Low 7, Room 5 are now studying about San Francisco's own Chinatown. They have discovered that the district in the heart of San Francisco is one of the largest of its kind in the United States. When the Chinese first came to this country, they were very unwelcome, but now they are respected and admired because of their industry and achievement.

At the end of the week a field trip to Chinatown is planned so that students may actually see the things which they are now reading about.

Community Activities

Junior Red Cross and Community "Red Feather" drives have been projects in which Crocker students have contributed on a voluntary basis. Entirely handled by the student body treasurer, Alfred Perry, children have collected, tabulated, and turned in their contributions to these two community projects.

Photographs Taken

Individual photographs were taken on Wednesday, November 9, of every student present in the Crocker School. After the pictures are developed, students may purchase them through the school. This is a PTA-sponsored activity, sanctioned by the school.

Bus Captains

Bus squads and bus captains and co-captains have been elected this past week at Crocker School. Students in the various rooms have elected their own officers, who conduct the students mounting and dismounting the bus. Captains from each room are: Room 1 — Lois Rasmussen and Billy Butler; Room 6 — Lois Pera and David Ward; Room 5 — Earlene Kenlrick and David Rasmussen; Room 4 — Sally Reeves and Gus Sakaldasis; Room 3 — Betty Green and Edward Van Staveren; Room 2 — Nita Eemerson and George Fresenborg. Co-captains from the room include: Room 1 — Elaine Martinez and Jack Plunkett; Room 6 — Donal Carlisle and Billy Jones; Room 5 — Ruth Dean and Don Williams; Room 4 — Joyce Rogers and Frank Martorano; Room 2 — Joan Perry and Angelo Casserino.

NEWS OF YOUR NEIGHBORS

Mr. and Mrs. Julian F. Castelan, 862 Bellevue avenue, are grand parents today for the first time. They entered this new "class" November 10 when a baby boy was born to their daughter, Mrs. Mary Gloria Robbins, formerly of Daly City. The lad, Ronald Joseph, came into the world at six pounds six ounces. However, the Castelans assure everyone the newly born addition is something special. And this isn't just talk. Young Ronald greeted his parents with a full six inches of red hair.

Mrs. Ida Hanley, 43 Woodrow, is back at a familiar post today in the city water department. Whatever this branch of government is flooded, the call goes out for the services of Mrs. Hanley. Working on a part-time basis, the smiling, gray-haired sweater girl manages to get things back in order so the regular employes may find time to send you your monthly water bill. Mrs. Hanley is also well known around this community as past officer of both the Woodrow Wilson and Jefferson High school PTAs. At the present time she also has a claim to fame in a daughter who will graduate from the University of California this June.

Turning into expert "second-story men" these days are officers of the Daly City police department. Lately there has been an outbreak of people locking themselves out of their own homes. Lacking the agility to navigate a second-story window, they've called Daly City policemen to their aid. Always willing to give a helping hand, the officers have successfully "broken" into the homes. This week the following three persons watched the "second-story men" in action at their respective homes: Mrs. Parsons, 263 Acton, who locked herself out of her home at 3 p.m. Monday; Mrs. Walton, 1263 Brunswick street, who forgot the key at 10 p.m. Sunday; and Willie Guillroy, who locked himself out of his sister's home at 238 Los Olivos Sunday while looking after his sister's children.

In case the "Record" missed some birthdays last week, the following members of the El Carmelo Parlor No. 181, NDGW, are now one year older, or younger, as the case may be: Alice Anderson, Bertha Grady, Nellie Grandone, Florence Green, Clair Hartman, Hattie Kelly, Dorothy Linehan, Nadine Little, Catherine McEntee, Katherine Natusch, Ellen Pieri, Joan Hopman, Lucille Wohler, Dorothy Hansen, Hope Loftin.

Mrs. Eleanore Hatt, president of the VFW Old Glory Auxiliary No. 2044, recently attended a banquet given in honor of the VFW Auxiliary national president, Evelyn Monoco. The banquet was held at the War Memorial Building. Mrs. Hatt was given a special honor when for the evening she was chosen as deputy banner bearer.

Now attending San Jose state college are seven students from Daly City. The students include Elio Abrami, Beth Calvin, Wilbur Fellows, David M. Johnson, Andrew Parodi, Stedman Prescott and Shelley Smith. Enrollment in the state's oldest publicly supported college reached an all-time high of more than 8,200 full-time students this fall.

Mrs. Marion McKaskle, 315 Wellington, is a familiar figure in this column and also behind the counter of the Daly City water department. Her work with the navy this week warrants her name again in print. As an active member of a naval reserve unit, Mrs. McKaskle attended a meeting recently in which a movie was shown. The movie concerned some sailor who gave up the ship for a date and ended in a court martial. It was "all very amusing," Mrs. Mckaskle relates. "I enjoyed it especially as I'm studying law." What's that about a vacancy in the South San Francisco justice of the peace court? Look out, Tom.

Richard Took, 17, 42 Tallwood drive, took a nose dive last Friday and ended up in the Junipero Serra hospital with a broken nose. Seems Richard was walking across the Jefferson High school grounds when he slipped on something and fell flat on his face, police reported. His nose is now in a cast (of sorts) and he is attending school with somthing new in the new look.

PADS FOR PEDALS

Your old car will be easier and safer to drive, advises the National Automobile Club, if you remember to get new rubber pads for the brake and clutch pedal if they are entirely gone or if what is left of them is nothing more than a fragile skeleton. It is surprising what a difference this small, inexpensive item makes in the feeling of sureness with which you can handle the car.

LEGAL ADVERTISING

NOTICE OF SALE OF REAL ESTATE

No. 5580, Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of JOSEPH M. MACDONOUGH, Deceased.

NOTICE IS HEREBY GIVEN by DENT W. MACDONOUGH, as administrator with the will annexed of the estate of Joseph M. Macdonough, deceased, that he will as such administrator with the will annexed sell to the highest bidder, at private sale, and subject to the confirmation of the above-entitled court, all of the right, title, interest and estate of said decedent held by him at the time of his death, and all of the right, title and interest that the estate of said decedent has by operation of law or otherwise acquired, other than or in addition to that of said decedent at the time of his death, in and to the following described real property to wit:

All that certain piece or parcel of land, situate in the County of San Mateo, State of California, being a portion of that certain 11.23 acre tract of land conveyed by Deed from Ormondale Company, a Corporation, to Joseph M. Macdonough, dated March 15, 1920, and recorded March 19, 1920, in Book 291 of Deeds at page 47, Records of San Mateo County, State of California, and being more particularly described as follows:

BEGINNING at a point on the line dividing that certain 260.80 acre tract of land described in Deed from Nicholas Martinez and wife to Francis Scanlin, dated April 3, 1867, and recorded April 3, 1867, in Volume 6 of Deeds at Page 202, Records of San Mateo County, California, and that certain 216 acre tract of land described in the Deed from Nicholas Martinez to Simon Saunders, dated August 17, 1866, and recorded August 17, 1866, in Volume 6 of Deeds at Page 66, Records of San Mateo County, California, where said dividing line intercepts the Easterly line of that certain 60.00 foot strip conveyed by Deed from Ormondale Company, a corporation, to County of San Mateo, dated May 7, 1914, and recorded May 25, 1914, in Book 238 of Deeds at Page 118, Records of San Mateo County, California, said point of beginning being distant South 70° 36' West 91.40 feet from County Engineer's Station "L" 347+55.98 of the centerline established in 1948-1949 for the realignment of County Road Number 75, commonly known as Alpine Road; thence from said point of beginning on and along said dividing line North 70° 36' East 133.32 feet; thence South 2° 00' 30" East 57.16 feet; thence Southerly on a curve to the left, tangent to last mentioned course, said curve having a radius of 1960.00 feet, a central angle of 17° 58' 30", an arc length of 614.90 feet; thence South 19° 59' East 1008.35 feet; thence Southerly on a curve to the right, tangent to last mentioned course, said curve having a radius of 1240.00 feet, a central angle of 1° 18' 20", an arc length of 28.26 feet to a point on the center line of the old Menlo Park and Santa Cruz Turnpike as same originally existed; thence along said centerline South 27° 03' 30" West 26.88 feet to a point on said Easterly line of said 60.00 foot strip of land; thence along said Easterly line North 19° 59' West 1715.50 feet to the point of beginning.

All courses based on San Mateo County Survey Meridian.

That said sale will be made on or after the 5th day of December, 1949, and offers or bids for said property must be in writing and will be received at Room 501, 155 Montgomery Street, San Francisco, California, or may be delivered to said administrator with the will annexed personally, or may be filed in the office of the Clerk of the Superior Court of the State of California in and for the County of San Mateo, at any time after the first publication of this notice and before the making of the sale.

Hillcrest Circle Initiates New Officers Monday

New officers today are at the helm of Hillcrest Circle No. 143 UAOD.

The officials were installed at special ceremonies Monday night. Installation was conducted by Grace Hill, grand trustee and Edith Ostedahl.

New officers include: Dolly Brush, arch druidess; Jessie Hutchison, junior past arch druidess; Marie Miller, first bard; Eleanore Cameron, second bard; Marjorie Lynch, financial secretary; Evelyn Hutchings, conductress; Lorraine Todhunter, assistant conductress; June Leone, inside guard; Marie Markgraf, outside guard.

Winifred Evans, May Baker, Eve Hobbs, trustees; Florence Young, Cecelia Edinger, Eleanore Wilson, auditors; Lynn Boskey, musician; May Milo, chaplain; Ann Serf, flag bearer; Audry Code, Florence Young, escorts; Hazel Keagel, Audry Code, supporters of the arch druidess; Martha Wagner, Winifred Evans, supporters of first bard.

Windbreakers Take Crown

Undisputed champions of the Western Football Association today are the South San Francisco Windbreakers.

The lads to the south took the championship after downing Daly City two weeks ago, and taking the Sunset AC 27 to 14 last Friday.

This gave the Windbreakers a 10 win, one loss record, and their third league championship in that many years.

Close behind the Windbreakers are the Mustangs with eight wins and two loses. They will play their final game Thanksgiving with the Petaluma Leghorns.

It was the Leghorns who gave South San Francisco their only setback.

Sunday Games

10 a.m. — Daly City Red Sox vs. Park Presidio YMCA, Marchbanks

10:30 a.m. — Colma Senior Boys Club vs. Regal Pale, Seals Stadium

Noon — Sarto's vs. Metro Motors, Potrero Hill

1 p.m. — Junipero Serra Merchants vs. Halloran's Log Cabin, Funston No. 1

2 p.m. — Daly City Billiard Parlor vs. S.F. Hornets, Marchbanks

2:30 p.m. — Daly City Boys Club vs. California NSGW, Clubhouse

Livestock accounted for 37 per cent of the total farm income in California in 1948.

The Island of Madagascar produces the Bourbon vanilla beans, said to be the finest.

Laramie And Co. Take CAL League

Beating the Marin Catholic team 26 to 0 last Friday night, Serra High school took the Catholic Athletic league championship.

This was the second straight year that Coach Joe Ferem's lads have taken honors. The Padres came to within one game of an undefeated season.

Last Friday, as through the season, Colma's Tom Laramie had a lot to say about scoring. During the whole game Laramie was the big club for the Padres in the back field and a human adding machine when it came to tallying yardage.

On one pass alone, intercepted by the way, Laramie cut thru the other players like a rabbit in a field of turtles and ran 70 yards for a touchdown.

It was Laramie, too ,who set up the Padre's third touchdown by intercepting a pass on the Marin 27 yard line. Colma's wonder also completed scoring in the fourth when he lashed the aforesaid 70 yards.

Jeff High Indians

From Milton
TROMBORG'S TEPEE

20s DUMPED AGAIN

Meeting the toughest team in the P.A.L., the Jefferson high 20s bowed to the San Jose Bulldogs by the score of 42 to 28 November 10.

It was not bad losing to this team because this team has not lost a game yet this year. In fact, the San Jose 20s have not lost a game in four years.

The game was pretty even to the first half, but after this, San Jose took command and scored at will.

San Jose used a very fast man-to-man defense and this tired the boys out. The Jeff boys were all in shape, but this San Jose was really fast.

Jefferson will take second if they win their next two games. Coach Orlich said, "It was experience that beat us." Next year will be a different story.

10s TAKE BEATING

As was expected, the Jeff 10s went down in defeat to San Jose by the score of 35 to 19.

Again it was experience against inexperience. The Jeff 20s are all new boys while the San Jose team is made up of two-year players.

High point man for the Indians was Hutchinson. Out of the 19 points scored, Hutchinson made 12 of them. This is good, and if he can keep it up, watch out for this boy later.

Though the 10s lost a few games, they always tried and tried hard. Maybe after a little experience they can come along and defeat this San Jose team later.

Coach Orlich has done a wonderful job and should be given a lot of credit for a good job well done.

OLPH "A" Team Cops Football League Pennant

Taking their sixth consecutive game last Saturday, the Our Lady of Perpetual Help "A" team won the Daly City Recreation Football league championship.

In the Saturday game the OLPH lads tallied 18 points to 0 against Woodrow Wilson.

Again this Saturday the OLPH team will take the field at Marchbanks at 11 a. m. in an exhibition game against an all star aggregation composed of four outstanding players from each of the other league teams, Woodrow Wilson, Jefferson and Crocker.

In the "B" league the Jefferson B's will play OLPH "B's" for the championship, each having won four games and lost two in regular play.

OLPH defeated Jefferson in early season play, but this Saturday's game promises to be a thriller because of the improvement Jefferson has shown; also due to the fact that they defeated OLPH 25-19 two weeks ago.

In the games played Saturday, November 12 at Marchbanks Park, Jefferson B's defeated the Crocker B's 13-0; Perpetual Help B's beat Woodrow Wilson 6-0; Perpetual A's defeated Woodrow Wilson A's 18-0 and Jefferson A's defeated Crocker 14-13 in a very close game.

JS Merchants Wrap Up Cooper Varni By 3 to 2

Close enough to be uncomfortable last Sunday was the third straight Junipero Serra Merchants win, this time over Cooper Varni, 3 to 2.

The Merchants had everything nicely wrapped up until the final inning. Soon things began to pop. With one out, Cooper had a man on second and third.

Then one of the Cooper powerhouses connected and drove a ball right into center field. With speed, and uncanny accuracy, center fielder Fred Fazzio nabbed the pill and fired it back to home plate just in time to catch the tieing run from scoring. That ended the game, and the Merchants came out with a very good chance of taking top honors in the "A" Winter league.

Not to be forgotten is Fred Lucia who did some neat relief pitching, holding down Cooper Varni for four innings and also managed to reach first base twice. Neil Pezzola and Herman Sicks each garnered two hits.

Doing neat work behind the plate was catcher Harry Krohn. Also accomplishing more than his share in the field was a lad by name of Arata.

This Sunday at 1 p. m. the Merchants meet Halloran's Log Cabin at Funston No. 1.

DC Billiard Parlor Loses By Flip Of A Coin

by Angelo Craviatto

Failing to toss a coin cost the Daly City Billiard Parlor a ball game Sunday with the Daly City Boys Club.

The game will have to be played over as no coin was tossed to determine which team would take the field first. The next tussle will take place December 4. This will be the third game the Billiard Parlor must replay.

Much of the credit for arriving to a death re-play goes to Al Davis who read and re-read the possible reasons for such a return match. His reading was the outcome of alleged bad decisions on the part of an umpire.

Although the Boys Club took an early lead in the game, they lost out in the secon on consistent bad calls.

(Note: Craviatto fails to give the score, although readers may arrive at their own decision—)

This Sunday the Boys Club meets the Allan Boys' in the California Native Son's of the Golden West.

Meanwhile, the 'whole Boys Club wishes a quick recovery to Jack Cooper who broke his leg just before the game.

Morgan Does It Again; Strikes Out 16 Batters

Henry Morgan, the boy with the fastest ball this side of Brooklyn, did it again last Sunday, bringing the Sarto team home with a 12 to 0 win over the Verdi club.

The 17-year-old Daly City lad is the spark plug for one of the best teams in the Class "A" American league.

For example, last Sunday he struck out 16 batters, and allowed one hit. This is merely repetition for a pitcher who has proved his real merit all during the fall season. Thanks to Morgan, the Sarto club will probably come out on top of the "A" league.

However, let's give credit to the other boys. All of the nine are 17 or under in years. Still, in batting and fielding experience they can make some older teams blush, especially one just below Daly City.

This Sunday at noon the Sarto team will take on Metro Motor Co. at Portrero field. Why not come out and see a class A ball club?

Colma Team Drops Back Into Seals League Basement

Getting back on the basement elevator last Sunday, the Colma Boys Club dropped into the sub cellar of the Seals league.

The Colma lads were given a helpful push by the Vallero All Stars who ran up six points to Colma's one run. This was a repeat performance for the All Stars who early in the season tipped the Colma team 8 to 7.

Trouble with Sunday's game, as the four others dropped by the Colma team, was that they lacked a pitcher at the elevator controls. Lambson did his best, but it wasn't quite good enough, as he allowed seven hits. However, he can't be blamed entirely as the fielders looked like they were asleep for a good part of the game.

This Sunday, at 10:30 a. m., the Colma team will meet Regal Pale in the Seals stadium.

California growers have dried a much larger proportion of their apple crops than growers in other States.

Panthers Prove Powerful; Pound Injuns For 19 to 14 Victory

By Milton Tromborg

Playing before a good crowd Armistice Day, the Jeff High Indians took a 19 to 14 beating by the Burlingame Panthers.

Burlingame scored on a 70 yard run on a punt return, and on a 38 yard run after a pass reception. Another score was racked up from the one yard line.

Jeff scored in the second and last quarters, with the first tally marked when quarterback Vince Baggetta took the ball on a quarterback sneak and raced 38 yards for a touchdown.

The second tally for the Indians came in the last quarter in the last minute of the game. Roy Childress threw a pass to Bob Gallagher on the Burlingame 35 yard line and Bob raced 35 yards for the last Jefferson tally.

Ed Perrens had a good day at kicking the extra points, by Kicking two for two. Frank Druhan played the best game in the Jefferson line, and Max Kliem in the backfield.

Kliem is the best downfield blocker on the team, and he really put in some nice blocking in the game this week.

Lunghi was stopped cold and just could not get anywhere on offense Lunghi played a very good game on defense and helped keep the score down.

Lou Picollotti hit a Burlingame man so hard on a kickoff, that he knocked himself out for a minute, but Lou was soon back in the ball game. Lou played a good game on defense.

Both teams were even in the first quarter, but all the fire started in the second quarter.

With the ball on their 30 yard line, the Indians ran the ball down to the Burlingame 40 yard line. Lunghi on the first play took it to the 38 yard line for a two yard gain.

Here Vince Baggetta took the ball on a quarterback sneak, and raced all the way for a 38 yard touchdown.

Ed Perrens came in and kicked the extra point, and Jefferson took the lead of 7 to 0.

Burlingame soon came back in the ball game in the third quarter.

Jefferson was forced to kick from their own 35 yard line. Burlingame took the kick off on their own 30. Here with good blocking, a Burlingame man raced 70 yards for a touchdown. The try for the extra point was wide, and Jeff still held the lead of 7 to 6.

Again the Indians met fate when they had a kick blocked on their own 8 yard line. With a first down, the Burlingame team tried three times and could not get the ball over the goal line.

With about two yards to go for a tally, a Burlingame man hit the center of the line.

The Indians put up a fight and stopped him on the goal line. The referee said he was over, and again the Panthers had a touchdown.

On their own 32 yard line the Indians tried a pass on a ftrst down. They failed and the Panthers intercepted the pigskin to carry it home. The Burlingame lads made the extra point and their last score of the day, 19 to 7.

Trying for another tally, the Indians came back with a pass play, and made a touchdown.

With the ball on the Panthers' 40 yard line, quarterback Roy Childress threw a pass to Bob Gallagher on the 35 yard line, and Bob raced all the way for a 35 yard touchdown.

Ed Perrens came in and kicked the extra point and the final score stood, Burlingame 19 and Jefferson 14.

This week the Jeff Indians will travel down to Palo Alto to meet a strong Palo Alto team. This will be the second to last game of the year. Next week the Indians will meet South City on Thanksgiving Day for the Big Game.

SMJC Tackles Monterey Friday

Still at the front of the league standings, San Mateo Junior College will invade Monterey this Friday evening to play Monterey's Peninsula Junior College, a newcomer in the junior college league.

The Mateans now have four straight league wins to their credit. Monterey is reported to have a fast team that has lost to a team that San Mateo has beaten. The game is Friday night under the arcs.

San Mateo rooters are planning a special train to the game and also plan to march through Monterey's streets with the band leading the rooters.

The Mateans won their fourth league game when they defeated Modesto 14-0 Saturday in a hard-fought game at San Mateo.

Monterey and Menlo stand between San Mateo and a perfect league season. If the Mateans win their southern title, they will play the winner of the northern division for the championship of northern California punior colleges.

This Saturday the jaysee badminton players will go to City College of San Francisco for a tourney.

City To Consider

(Continued on Page 6)

disposal. A recent state law forbids cities to use this source, and they must find other methods of dumping sewage. Hence, the necessity for some kind of positive action.

While no figures are available on the cost of building a Daly City sewage plant, it is estimated this would be well over the one million dollar mark. In a recent election citizens of South San Francisco and San Bruno approved a $2,000,000 bond issue for such a system.

The cost of a plant, or tie in with another system, would not be entirely borne by Daly City. About $87,000 will come from the state for such work, Mayor Green said.

"When it comes down to dollars and cents we must decide whether it would be cheaper in the long run to tie in with another plant or build one of our own. Planning of this sort must necessarily consider costs for many years to come," Mayor Green said.

Golden Gate International Exposition opened on Treasure Island in San Francisco Bay January 14, 1939.

Fire Dept. Officials Attend Meeting In Menlo Park Tuesday

Information concerning arson was passed along to Daly City fire officials at a meeting of the Peninsula Fire Chiefs Association and Inspector Division Tuesday.

In addition to hearing the latest on the activities of blaze setters, the Daly City men also watched a fire drill at Menlo Park where the meeting was held.

Present from this community were: J. E. Kennedy, fire chief; Mel Hansen, commissioner; Fred Mather, captain; Lawrence Kennedy, battalion chief and Jack Fields, chief fire marshal.

One-quarter of all Scotch whisky consumed in the United States is drunk in the State of New York.

Social Evening Planned This Evening By The Edgewood Terrace Civic Association

"Let there be joy and general revelry," is the cry today of the Edgewood Terrace Civic Association.

This departure from the usual businesslike tone of the club is due to the social evening planned for Saturday, November 19, at the Daly City Masonic hall. Party time is 8 p.m.

Everyone, regardless of where they live, or what clubs they do or don't belong to, are invited to the combination dance, lunch, community sing and general good time.

Various games have been planned to keep those who don't dance busy during the evening.

There is no admission price to this affair. Only everyone is asked to bring a box lunch which will feed two persons of medium weight and appetite.

Many awards will be made during the festivities, including a portable electric sewing machine.

General chairman for the evening is Raymond Ward. He will be assisted by Mesdames Vincent Moran, Del Wilson, Theodore Fleming and Knottingham.

LARGE STRIPERS TAKEN

Striped bass anglers working the waters of San Joaquin county during the past few days have been landing many large fish running from five to twenty-five pounds. Anglers using bait are taking the larger fish, but experienced trollers are having considerable luck too. The best spots seem to be Middle River and Whiskey Slough.

1950 Ford Car Displayed This Friday, Nov. 18

The 1950 Ford line of passenger cars will be shown to the public by 6,400 Ford dealers throughout the nation beginning Friday, November 18, it was announced today by L. D. Crusoe, vice-president and general manager, Ford Division, Ford Motor Company.

All Ford dealers are making extensive plans to handle large crowds in their showrooms to view the numerous changes in the 1950 models.

Dealers were given preview showings of the cars in meetings in the 33 Ford sales districts in the country between November 4 and November 10.

"Dealer response to the 1950 cars was extremely enthusiastic," according to Arthur S. Hatch, Western Region sales manger, Ford Division.

"The consensus of dealers is that every single sales factor has been taken into consideration in the many improvements and that Ford will cintinue to be acclaimed the car of the year in 1950."

Major factors which dealers praised were economy, greater comfort, improved appearance, smoother operation and safety features, Mr. Hatch said.

DANGEROUS DRIVING

All too many motorists today are driving with one foot in the grave and the other pressed down hard on the accelerator.

California contains approximately 100,000,000 acres of land.

Gold production in California in 1948 had a value of $14,647,000.

Mono county, organized in 1861, was originally named Esmeralda.

A stimulating adventure into the deep, inner thoughts of men and women, **Opus 21,** by Philip Wylie, is poorly written, but nevertheless interesting.

The novel centers around a writer, Philip Wylie by name, who, in the middle of correcting a magazine serial, finds he has cancer. He is given a few months to live, and from this stems the story.

Alone in a hotel, far from wife and family, Wylie goes on correcting the serial, and in so doing comes in contact with several men and women of questionable moral standing. However, with the shadow of the grave across his judgment of mankind, in addition to a deep philosophical understanding of men's motives, Wylie is in a position to give an objective "report" on these stray human lambs.

Few readers probably will be able to show the sympathetic understanding of Wylie towards thes misguided ladies and gentlemen, but as clinical exaggerations of modern civilization, the aforesaid people will be brutally exciting.

The characters are principally four unhappy women, a misguided lawyer and an atomic scientist. Focal point of their collective grief centers around the problems of sex and adjustment to a world that long ago forgot the Golden Rule.

Lovers of the **Forever Amber** treatment of love, however, are going to be disappointed in **Opus 21,** if therein they expect to find amorous paste board characters. Because, for all of Wylie's concern with sex and the modern machine age, he believes "our tragedy is part of a great comedy and, beyond it and through it, lies the hope of truth." And with imagination, if not great prose, the author lets the reader in on what he believes is truth.

It is Wylie's method of striving for that nebulous truth that will confound many readers. Wylie has a negative approach which consists of damning practically everything in the hope that real truth will stand clear and bright amid the rubble of his "verbage bombs."

As demonstrated in an earlier novel, and one of his best written, **Night Unto Night,** the author has faith in a mystical religion which will reveal God only to the man stripped of shams and false honor. And as only the "cleansed" man can approach this oneness in God, it is necessary to point out his foibles in the hopes he will see the light.

For Wylie is one of this country's greatest preachers, that is, if exploring the negative in hopes of reaching the positive can be called preaching. Some might disagree, this critic does, in his approach; but there is no denying his sincerity.

This is not to imply that **Opus 21** will ever find its way into the pulpit, or will his earlier more vitriolic **Generations of Vipers,** but for all those ladies and gentlemen certain they know everything about themselves and the universe, Wylie, in one form or another, is a necessity.

Oh yes, readers of the "Saturday Evening Post" know Wylie for his frequent fish stories. But like that famed pair, Jeckle and Hyde, the author has two sides. Those familiar with the nice (money making, too) fish yarns, by all means should read **Opus 21.** We guarantee they'll never recognize the author.

And by way of another foot note, although Wylie uses himself as the principal character in the novel, it is all fiction, dear reader, all fiction.

Curious book worms may find **Opus 21** on a shelf of their Daly City library.

TRAFFIC ACCIDENTS INCREASE

Traffic accidents in California's rural areas during the month of September showed a considerable increase over those during the same month in 1948, reports the National Automobile Club.

Colorado has 1064 peaks exceeding 10,000 feet in elevation.

City To Hear Low Cost Housing Plan

City officials will meet Monday with a San Mateo Housing official to discuss a possible $1,000,000 low cost housing project for Daly City.

Meeting with the city council will be F. A. Blum, director of the housing group. In a letter to the city, Blum stated his group had a plan for new housing. Mayor Paul Green said the meeting was called to hear more about the plan.

"We have no opinion one way or another about this proposal," Mayor Green said. "After we've heard Blum, some decision will be reached."

The pros and cons of such a proposed project will be reported in next week's Record.

FAST WORK BY NATIONAL GUARD BRIDGE BUILDERS—Members of the 1806th Engineer Aviation Company, Dearborn, Michigan, and the 1427th Treadway Bridge Company, Sault St. Marie, Michigan, combine their equipment and talents in the erection of a pontoon bridge during summer field training of the 46th Infantry Division of Michigan at Camp Grayling.

More High School Students Driving

A 50 per cent increase in high school driver training is indicated by records of the Chevrolet Motor Division which reveal 2,336 Chevrolet sedans on loan to schools by dealers.

The total compares with 1,576 Chevrolets in use a year ago, which in turn represented a steady climb since the program was launched under sponsorship of the American Automobile Association at the end of the war.

Under an arrangement with the American Automobile Association, Chevrolet dealers supply dual-equipped training cars to their local high schools. To qualify for an automobile the school must meet certain standards of instruction set by the association.

Roosevelt To Run For Governor

James Roosevelt National Committeeman for California, will be a candidate for Governor of the state in the 1950 election.

The Democratic leader made this announcement to the press in a conference Tuesday, November 15, and later directly to the people over two major radio networks.

Roosevelt discussed half a dozen major problems — full and fair employment, development of a sound old-age pension program, health, housing and public power development among them — which vex California today.

Bank Of America Gives Xmas Bonus

A special Christmas bonus to employes and officers of Bank of America has today been authorized by the board of directors of the bank, according to L. M. Giannini, president.

For employes with 12 months or more service the special bonus is 40 per cent of the first $500 of the basic November salary, and 35 per cent of any salary portion above that amount. Those with a shorter period of service will receive a proportionate bonus based on the number of full months employed.

This special Christmas bonus brings the total of employe bonuses declared during the past fiscal year of the employes' profit-sharing plan to more than $2,000,000.

Manager Explains Safeway Stand On Strike

Explaining their side of the present Safeway stores strike today was J. H. Branlund, division manager.

The leaders of Retail Clerks Union 648, Branlund said, are demanding a union contract for Safeway store managers as well as for Safeway clerks.

Safeway has participated in 18 negotiation meetings with these leaders of the grocery clerks' union in an attempt to arrive at a contract for our clerk employes, Branlund asserted.

"At all times during these negotiations the union's leaders have known that Safeway would not bargain for, nor enter into a union contract which covered store managers. Safeway store managers are executives of the company in every sense of the term," Branlund said.

He went on to repeat that the leaders of Local 648 are "attempting to hide the real issue in this dispute." They have hoped to gain support by promoting confusion in the minds of the employes and public, Branlund opined.

New Telehopne Office To Open Here March, 1950

Continued growth in Daly City and Colma will warrant a new dial telephone system in this area beginning March 19, 1950, Roy N. Buell, division manager, said today.

The new office will use the PLaza 5 prefix. It will occupy a new building recently completed by the telephone company at Washington and Bryant streets in Broadmoor. This section of the San Francisco exchange is now served b ythe DElaware 3 and JUniper 4, 5, 6, and 7 offices.

A total of 3,000 telephones will be cutover in March. They will be transferred out of the various JUniper and DElaware 3 office now serving them.

The numbers of the telephone selected for transfer will be changed to PLaza 5 at the time of the change.

Additional transfers will be made in successive weeks until about 6,000 telephones will be working out of the new PLaza office.

All changes will be completed by next June.

Buell said the vacancies created by these transfers into the new office will provide traditional facilities to take care of telephone requirements in the DElaware and JUniper central office district.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

BEARS — Ends December 31. Bag limit: 2 per season. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

PHEASANTS—November 18 to November 27. Bag limit: ten male birds per season, but not more than two per day. Shooting hours: from 8 a.m. to sunset. Pheasant tag must be attached to leg of each bird taken.

QUAIL — Begins November 18. Ends November 27 in districts 22, 4½, and all of district 4 except Orange county (southern California). Ends December 15 in district 1¾ (northeastern California). Ends December 31 in balance of State including Orange county. Bag and possession limits: eight per day. Shooting hours: 8 a.m. to sunset until November 27; one-half hour before sunrise to one-half hour after sunset otherwise.

TREE SQUIRRELS — November 18 to December 31 in specified sections of central and northern California only. Consult abstract of hunting regulations. Bag and possession limits: two per day. Shooting hours: from 8 a.m. to sunset until November 27; one-half hour before sunrise to one-half after sunset otherwise.

RABBITS — Ends December 31 in southern California districts 4, 4⅛, 4¾, 19, 20, and 22. November 18 to December 31 elsewhere for brush and cottontail rabbits. No closed season elsewhere for jack rabbits. Bag limit: 8 brush and cottontail. No limit jack rabbits.

DUCKS, WATERFOWL — October 21 to November 9 and December 19 to January 7, except along Colorado River, where season extends from November 18 to January 6. Bag limits: 5 ducks per day, including one wood duck; 6 geese with not more than 2 of dark species, or brant; 15 coots, 25 mergansers. Shooting hours: one-half hour before sunrise to one hour before sunset, except on opening days when shooting starts at noon.

STEELHEAD TROUT — Begins November 1 in specified waters of northern and central California counties. See abstract of angling regulations. Bag and possession limits: three trout or salmon or combination thereof.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, or two fish regardless of weight. Minimum size limit: 12 inches.

CRABS — November 15 to July 31. Bag limit: 10 in Eel River, Humboldt and Trinidad Bays; none elsewhere. Size limit: no males under seven inches. No females may be taken.

LOBSTERS — Ends March 15. No bag limit: Size limit: none under 10½ inches.

DALY CITY—COLMA

Question of the week (and for that matter, the centuries) at the Lions Club luncheon Wednesday was "Where Are We Going?"

The answer was tended by the guest speaker Mort Utley, sales manager for the Pennsylvania Mutual Life Insurance company.

Utley attempted to find the answer in a personal view of the question. First, he said, what is every man seeking? Happiness was the obvious answer. Second, he said, how are we to reach this goal?

There are as many replies to the last question as men on the face of the earth. Of course, there is no pat, simple answer to the question of happiness, but there are many indicators as to what roads to follow.

"Probably the greatest enemy to enjoyment is envy," Utley said. "If half of us spent as much time in constructive work as we do in envying our neighbors, this world would be a much better place."

No, the best method of seeking joy is to find our own goals. Strive towards those goals, and don't begrudge the other fellow his successes.

New Market St. Signals May Be Ready By Spring

Modern synchronized traffic signals may be in service on Market street here by next spring, Harry C. Vensano, works director, announced today.

Plans for installing the new signals are "99 per cent complete," Vensano said, and await only final decision on the one-way street pattern for downtown San Francisco. The job will cost about $100,000 for the area between the Embarcadero and 10th street, and can be completed within six months.

Blaze Busters Break Up One Grass Fire Over The Week End

Only one fire was reported over the week end. This was a minor grass blaze in the Crocker Hills, near Scenic way.

Firemen roared to the blaze at 5:12 p.m. Sunday, and in less than one-half hour the gentlemen of Companies 1, 2 and 4 had everything under control.

Damage was held to a minimum, with nothing going up in flames except a quarter of a block of dried grass.

BACK IN SHAPE—Zimba, a queen of the jungle, was treated with a new wonder drug, aureomycin, which saved her life. The lioness was laid low by a usually fatal intestinal infection, but officials of the Central Park Zoo gave the big cat experimental treatments with aureomycin, which is derived from mold. Within a week Zimba was her old regal self again.

CONSTRUCTING NEW MICROSCOPE—Mr. Claude Magnan, left, stands beside the microscope he is building which he thinks will magnify objects one million times. It will utilize the spray-off of atomic particles known as protons, and will therefore differ from the electronic microscope now in use. With this instrument, somebody ought to be able to find the needle in the haystack.

Thursday, 1 p.m. — Daughters of Israel, 67 Los Banos avenue.

LUCKY KIDS—These boys and girls are the envy of their friends. They got a chance to romp about at a big preview of 1949 Christmas toys in New York. Manufacturers report that Santa's pack will carry close to $300,000,000 worth of toys this Christmas.

NATIONAL CHURCH MONTH

(This is the third of a series of articles on National Church Month. The articles will appear each week through November. They are written by the ministers of churches in the Daly City area.)

By The Rev. Max Zschiegner
Lutheran Church of Broadmoor

When the president of our nation finds it necessary to set aside a special period of time, called "National Church Month," a person is justified in becoming concerned about the reason for this action. When one pauses to investigate the actual church habits of the American nation as a whole, today, one might not hesitate in being alarmed at what he finds.

Most every American is agreed on the evils of Communism. Practically down to the last man, woman, and child of our nation, we are united in the determination to use every means at our disposal to counteract this world-encroaching enemy of our time-honored and sacred institutions and principles. But are we all as definite, as consistent in our actual carrying out of the means by which our homes, our nation are safeguarded from Communism's devastating effects?

One of the plain and admitted tenets of Communism is to eradicate all religion as we know it, from the hearts of the people.

Few Americans are conscious of playing into the hands of the absence of a positive, Bible-grounded faith, but friends, isn't that actually what we are doing, when we adopt the idea that the church and what it stands for are okay for the other fellow, but are not for us?

If we believe the church and its messages are out-dated, that it was alright for the founding fathers of our country, but has no bearing on our life, we are, consciously or unconsciously, to a greater or less degree, taking the first steps of the "softening up process," which certainly does not make the Red propagandists unhappy.

Why now pause right now, in this season of national Thanksgiving to God, and re-evaluate the things that really count in this life. Dare we place the spiritual blessings we enjoy here in America second to any of the wonderful things God has given us? Then why not make our Thanksgiving a real "thanksliving," by regularly receiving the benefits of the church of our choice?

The Communist peril to our blessed United States of America is a real peril. God keep us from adding to its impetus by our individual luke-warmness and indifference to the rich spiritual heritage that has made our nation, under God, great!

Check Beneficiary On Life Insurance Policy, Vets Told

There are approximately 445,000 veterans of World War II in the Veterans Administration District Area (California, Arizona, Nevada and Hawaii) who have retained their National Service Life Insurance, Veterans Administration reports.

One of the most important things for veterans to do about their G-I Insurance is the naming of a beneficiary or beneficiaries of their policies, VA points out.

Unless a veteran gives this matter thoughtful consideration, he may fail to get the most out of his insurance. For instance, if no beneficiary is named, the policyholder may be risking a financial loss to his heirs.

Up to August 1, 1946, it was not absolutely necessary for the veteran to name primary and contingent beneficiaries because the law provided for payment of the insurance to legal heirs in a specified order. No, however, if the veteran dies withous naming a beneficiary, or if the beneficiary should die before the policyholder, the insurance will be paid in a lump sum to the veteran's estate.

On the other hand, if the veteran names a specific beneficiary and the insurance is paid to him or her, it is exempt from taxation and from any claims made by creditors. The money is not liable to attachment, levy or seizure under any legal process, either before or after receipt by the beneficiary. The only exception to this rule is that the U.S. government may make claims against the insurance.

Hence, veterans can protect their heirs against possible financial loss by naming a beneficiary, and they can add to that protection by naming a contingent beneficiary to whom the insurance is to be paid if the first beneficiary should die without receiving the money.

If this happens, and the insurance becomes part of an estate it is subject to all the laws governing estates, including claims of creditors, administrators' fees and court expenses. Thus the veteran's heirs might easily lose some of the insurance money which they might otherwise have received.

DANGER IN AUTUMN FOGS

When those autumn fogs roll in from the sea, lie heavy in the hollows and drift across the little hills, they can bring a lot of trouble for the motorist.

When your windshield gets coated with that layer of moisture and the road ahead is blotted out by that drifting white mass, slow down to a safe pace, keep your windshield wiper working and your windshield clean, and illuminate the roadway rather than the fog by turning on the down beam of your headlights. It may be all right to get lost in a fog, but you don't have to get killed in one.

HOW TO FIX IT — By Harold Arnett

WHEELBARROW STUNT

IF YOU INSTALL A SINK STRAINER IN THE BOTTOM OF A WHEELBARROW THAT IS USED FOR CARRYING VEGETABLES, YOU CAN WASH THE PRODUCE RIGHT IN THE WHEELBARROW WITH A HOSE, THE STRAINER ALLOWING THE WATER TO RUN THROUGH THE BOTTOM.

DOES YOUR DOG CHASE CARS?

ONE WAY TO PREVENT DOGS FROM CHASING CARS IS TO ATTACH A SMALL RUBBER BALL TO ONE OF THE DOG'S FRONT LEGS. THE BALL WILL PREVENT THE DOG FROM RUNNING FAST. SERIOUS ACCIDENTS HAVE BEEN CAUSED BY DOGS CHASING CARS.

State, Federal Civil Service Job Openings

Several civil service positions with the state and federal government are now open.

State positions include:

Deputy chief of the division of architecture; time of filing to be announced; engineering architectural training is not a requirement for the $745 a month position. Candidiates must however, present a broad background of top level administrative experience.

Applications for other state civil service examinations will be accepeted through the following dates:

November 24: Forest Technician, $341; Inspector, Board of Pharmacy, $325; Nutritionist, grade 2, $295; Supervising Nutritionist, $395; Deputy Chief, Division of Architecture, $745.

November 26: Area Agent, Department of Mental Hygiene, $310; Assistant Manager, Bureau of Patients' Accounts, $376; Girls' Group Supervisor, $243; Chief Bureau of Game Conservation, $481; Armory Custodian, grade 1, $200; Armory Custodian, grade 2, $231; Treasury Warrant Operations Officer, $341; Athletic Inspector, $10.50 a day; Instructor in General Shop, $281.

United States citizenship is a requirement for all state positions. Complete information and application forms may be obtained from the State Personnel Board at 107 State building, San Francisco.

Federal openings include:

Building Maintenance Supervisors, salary $3727 to $5232 a year. Deadline, November 21.

Cartographic Aid, salary $2284 to $3727 a year. Deadline, November 28.

Information Specialist, salary $4479 to $6235 a year. Deadline November 28.

Custodial Labor, salary $2020 and $2152 a year. Deadline, November 29.

Information and application forms can be secured at Room 128, Appraisers Building, 630 Sansome street, San Francisco, or from the civil service secretary at the South San Francisco post office. Applications must be filed previous to the deadlines listed after each position.

Letter To The Editor

Gentlemen:

I have followed the Church series of write-ups in your valued paper, and find them of real interest because very well done. I cut out the most appealing ones and put them on our bulletin board in the foyer of the church, where I know they are read. I doubt whether the people take the trouble to tell the advertiser, but I know that people read them in their homes. They are as intangible in their results as are sermons, therefore accomplish more than one can see; but we ministers keep on preaching, and trust that your series may also continue.

With much appreciation, I am
Cordially yours,
JOHN A. GLASSE

Map Courtesy Super-Pyro

Forcasting by averaging the weather of the past is the aim of this Weather Record Map. Based on records of the U. S. Weather Bureau, some of which cover periods of 50 years and more, this Weather Record for November shows the average minimum temperatures and average snowfall for a number of states.

November, as a study of the map shows, brings the sharp bite of freezing weather in many areas. It is the time to look to the furnace, to refurbish winter wardrobes and to put your car in shape for winter months. When temperatures average as low as shown, you can bet your boots that there will be many days below freezing. So November is the time to be super-safe by loading up with antifreeze.

New Students Now At Jefferson High

Among the new students at Jefferson High school this year are:

It's freshman Nancy Smith from Klamath Falls, Oregon, where she was born on June 16, 1934. Nancy, now living in Brisbane, came from Sequoia High in Redwood City.

Among other new students at Jefferson are Jack Huffsmith, Gene Nay, Gene Douthit, Scott Mercer, Sally Mercer, and Richard Fitzgerald. Jack Huffsmith came from Weswood, California, and is enrolled in Jefferson as a freshman. Now living in Daly City Jack came from Sequoia High.

Next we have Gene Nay, sophomore from Circleville, Utah. Born on February 25, 1934, and now living in San Francisco. Gene came to Jefferson from Cedarville High. An ex-Coronado High student is Scott Mercer. He is enrolled as a junior.. Scott was born on July 8, 1933, in San Jose, California.

Sally Mercer came from Coronado High in Coronado, California, as a sophomore. She was born on July 16, 1934, in San Jose. Sally now lives on Pacific avenue.

Richard Fitzgerald, a senior, lives in Daly City. He was born in S.F. on December 4, 1931.

From the Jefferson High school "Totem Pole."

LAWYERS FOR "JESUS ON TRIAL"

These are the two "lawyers" who will take part in the trial at the Grace Church of the Nazarene, Vista Grande and Santa Barbara, November 22. The Rev. Oscar Stern (left) will be on the side of prosecution while The Rev. Charles Haimovitz (right) will act as defense attorney. The public is invited to attend.

Upland Game Season Opens Friday, Nov. 18

The State's major upland game hunting season — awaited by more than 300,000 nimrods — opens on four species of game at 8 a.m., Friday, November 18, reminds the Division of Fish and Game.

Game biologists predict one of the best pheasant hunting seasons in California history will be recorded before the season closes November 27. At the rate of two a day, but not more than 10 during the season, male ringnecks may be taken throughout the State.

In addition to a general hunting license, pheasant hunters must possess tags which are to be attached to the leg of each bird in possession.

Black and gold Reeves pheasants, which bear tail feathers averaging five feet in length, are fully protected for the first time this year by Fish and Game Commission action.

Brush and cottontail rabbits may be hunted anywhere in the State until December 31. The season opened September 1 in certain southern California districts. Bag limit is eight rabbits per day, and eight in possession.

PROSPECTS FOR PHEASANT SEASON

Pheasant hunters should enjoy some good shooting in the northern and western areas of Fresno county when the season opens, predicts the National Automobile Club. Birds are numerous there at present.

STEELHEAD FISHING GOOD

Steelhead fishing has been very good during the past few days along the Klamath river in the vicinity of Orleans in Humboldt county, reports the National Automobile Club. Anglers have taken many fine limits.

Naval Reserve Offers Programs

In the Naval Reserve you have your choice of two plans, each with special features.

THE ORGANIZED RESERVE

This is the "active" branch of the Naval Reserve. It is designed chiefly for civilians, both veterans and non-veterans, who want to get the maximum benefit from their Reserve membership and who are able to spend some spare-time hours at a community Naval Reserve training center or Naval Air Reserve activity. Organized Reserve units take an annual 14-day period of training duty aboard Navy ships, at Naval Air stations, at Navy shore bases, or at other Naval facilities. Members receive regular pay on the basis of their Navy rating and retirement credit points.

THE VOLUNTEER RESERVE

This is the branch of the Naval Reserve which does not necessarily involve active participation. It offers membership to those distant from training centers and Naval Air Reserve activities, or those whose jobs or other responsibilities do not permit them to belong to an organized unit. Volunteer Reservists enjoy many of the advantages offered organized Reservists. They can join volunteer training units and attend meetings for which they receive credit points for Reserve retirement. All volunteer Reservists can apply for home study courses (in preparation) which help them advance in rate and earn retirement credits.

If interested in joining the Naval Reserve, telephone or visit your local Navy recruiting station, located in the Post Office building, San Mateo. Phone DI 4-2781.

BREAK IN THE BRAKES

Brake systems, like engines, should be broken in carefully during the early period of new car ownership, advises the National Automobile Club. Applying the brakes slowly and easily during the first several hundred miles will bring the linings and drums to that smoothness of finish that means both power and longer life.

GOOD DRIVING COMPANY

Drivers who are alert and attentive, considerate and courteous, always willing to yield the right of way and to refrain from jostling others, are safe drivers and make good driving company. Have you checked on your driving lately? Do you make good driving company?

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

To avoid the dark ring that sometimes appears around the yolk of a hard-cooked egg cook at low temperature. Cool the eggs promptly by placing under cold running water. Then chill thoroughly.

★ ★ ★

Just as a reminder. To get a professional look in homemade clothes, press every seam after each stitching. The garment not only looks better but pressing step-by-step actually saves time in the end.

★ ★ ★

For something different and delicious to serve with soups and salads cut bread slices in one-inch strips. Spread both sides with real mayonnaise and toast in a waffle iron until brown. Better make plenty!

★ ★ ★

You need sales resistance when you go window shopping in the evening, now. A store in the midwest has installed a meter gadget whereby you can drop a quarter in a box, speak into the microphone, giving article desired, name and address. Next day the article is delivered to your home, the 25c being credited to the bill. Other stores may follow suit.

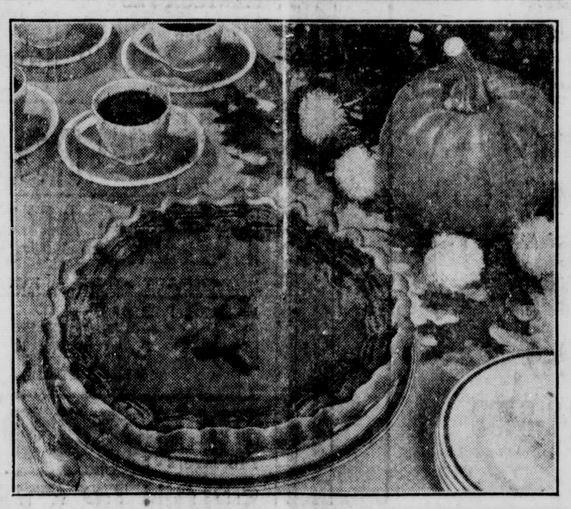
★ ★ ★

The drought this summer affected the strawberry crop among other things. So by next Spring the frozen variety probably will be among the missing. To make matters worse, the demand for frozen berries is way above last year.

★ ★ ★

Need a navy or black slip to wear under your dark winter dresses. Why not get a package of all-purpose dye and dye the old white crepe one that has become gray from so many washing? Then buy a new blouse with the savings.

Here's a Luscious Thanksgiving Dessert Made With Quick-Frozen Pumpkin Pie Mix



YOU will have more time to join in the Thanksgiving reunion if you make the traditional pie with quick-frozen pumpkin pie mix. Hours used to be spent, from the time of its Puritan inventors to the days of our grandmothers or mothers, getting the pumpkin ready for the pie. Chipping off the tough skin and cutting the pulp into small pieces, cooking and stirring the simmering mass for hours, were real and time-consuming work.

All you have to do now is to add milk and eggs to the quick-frozen pumpkin pie mix, as soon as it is thawed, then pour it into an unbaked pastry shell and bake. All the chores that once made the making of this traditional pie an all-day job are done for you before the mix is quick-frozen. Sweetening and spices are expertly added, too, to bring out the delicious flavor of the golden ripe pumpkins. In almost no time at all you'll have a pie that's a really triumphant climax to your feast.

You can give an extra touch of deliciousness to your modern pie by topping it with a circle of pecan nut meats, just as they come from their shells, or lusciously honey-glazed.

Quick and Easy Thanksgiving Pie

Place contents of one box (1 pound) quick-frozen pumpkin pie mix in saucepan. Add 1½ cups milk and heat 7 minutes, or until thawed, stirring constantly. Add gradually to 2 slightly beaten eggs and mix well. Turn into unbaked 9-inch pie shell. Bake in moderate oven (400° F.) 1 hour, or until completely puffed across the top. Top the pie with a border of honey-glazed pecans.

To glaze pecans: To make honey-glazed pecans, boil ⅓ cup honey until a small amount of mixture forms a very firm ball in cold water (250°F.). Cool. Dip 12 to 16 large pecan halves into syrup and place on waxed paper until set.

Cong. Anderson Censures Recent Denfield Dismissal

Congressman Jack Z. Anderson, eighth district representative (including Daly City), this week said he "deplored the removal of Admiral Denfeld and the manner in which it was accomplished."

This was part of Anderson's report to the Chairman of the House Armed Service committee, Carl Vinson. The report followed the recent explosive hearings on air

Taking issue with the dismissal of Admiral Denfeld, Anderson declared, "if high ranking officers in any branch of the services are not permitted to give their views to Congress, in compliance with the provisions of the law, we are well on the road to a one-man dictatorship in the National Defense organization. We have seen the sad results of such seizures of power in other countries of the world and we must not let it happen here."

The recent cancellation of the so-called "super carrier" for the Navy which had been approved by the Congress and the President was also questioned by Anderson. "I do urge the reconsideration of this carrier by the Joint Chiefs of Staff and the Congress itself if necessary," Anderson wrote.

Anderson's report also included a recommendation that the air force and the navy exhange the B-36 and the navy jet fighters for tryouts.

"As an ordinary, every day American citizen I cannot for the life of me understand why the Navy and Air Force do not have more positive information about the possibilities and capabilities of each other's air weapons. In my opinion, there is no reason for the failure of the Air Force to provide the Navy with a B-36, or several of them for that matter, for test purposes.

LARGEST FAULT

Abert Rim, located in southeastern Oregon, is reported by the National Automobile Club to be one of the largest exposed geological faults in the world. Rising some 2,000 feet above the eastern edge of Albert Lake with an 800 lava cap that ends in a sheer precipice, this fault was created when the earth slipped vertically many ages ago.
